Over the 180 pages in this guidebook we get to the heart of the awesome iPhone 12 mini and the iOS 14 operating system bringing you guides, tips and tutorials that help you get the most from your new Apple smartphone.

Feasible Planet - A Guide to More Sustainable Living Ken Kroes,2017-11-05 Are you concerned about the state of our planet and hope that governments and corporations will find a sustainable way for us to live? If you do not think about it too hard that may work but will it? Left on their own with drivers of popularity and profits I am not too convinced that it will. The missing part of this equation is you and me. Individuals who believe that corporations and governments can do better. Individuals who believe that through action we can buy a bit more time to develop and implement solutions to our critical issues. Did I hear a groan out there when you read the word actions? Do not worry. Most of the actions that I am referring to will not only help save the planet but will benefit you right away through saving money, time, better health and having a happier life in general. Sustainability goes beyond controlling our consumption and pollution. There are key social, political and economic areas that need to be addressed as well and there are several steps that individuals can take to help in these areas. For those of you who feel we could do more this book is for you and is loaded with actionable activities, the reasons for doing them and explores why we are not doing them already. Every journey starts with a first step. Hopefully this book will lead to those first sustainable steps and that will change the world.

iPad mini For Dummies Edward C. Baig, Bob LeVitus,2015-01-20 Find out why the iPad mini has never been bigger. This new edition of iPad mini For Dummies covers all the latest tips and tricks for getting an even bigger bang out of your iPad mini. Presented in full color and written in the straightforward but fun language that has defined the For Dummies brand for more than twenty years, this friendly guide walks you through the multitouch interface, going online, getting connected, packing your iPad mini with apps, games, e-books, photos, music and movies, synchronizing your data, texting with iMessage, working with Siri, importing pictures and launching slideshows, getting organized with Reminders, finding your way with Maps, working with the Calendar, protecting your information, accessorizing your iPad mini and much more. Updated and revised throughout to cover Apple's newest iPad mini hardware and iOS software, iPad mini For Dummies is the ideal companion to help you make the most out of your device. Plus, if you run into any problems along the way, you'll find easy-to-follow expert troubleshooting and maintenance tips. Richly illustrated in full color and updated to reflect the latest iPad mini hardware and iOS software, Shows you how to turn your iPad mini into an entertainment hub. Covers the key features and tools readers need to become iPad mini mavericks. Written by Edward C. Baig, the Personal Tech columnist for USA Today and Bob LeVitus, often referred to as Dr. Mac. Your iPad mini.
