Musicology. The Key Concepts ,2005 **Gordon Stretton, Black British Transoceanic Jazz Pioneer** Michael Brocken,Jeff Daniels,2018-09-15 This extensively researched text concerning the life and career of Liverpool born Black jazz musician Gordon Stretton not only contributes to the important debate concerning the transoceanic pathways of jazz during the 20th century but also suggests to the jazz fan and scholar alike that such pathways reaching as they also did across the Atlantic from Europe are actually part of a largely ignored therefore partially hidden history of 20th century jazz performance industry and influence The work also exists to contribute to a more complete picture of the significance of diaspora studies across the spectrum of popular music performance and to award to those Liverpool musicians who were not contributors to the city s musical visage post rock n roll a place in popular music history Gordon

Stretton was a jazz pioneer in several senses he emerged from a poverty stricken racially marginalized upbringing in Liverpool to develop a popular music career emblematic of Black diasporan experience He was a child dancer and singer in the Lancashire Lads the troupe which was also part of a young Charlie Chaplin s development a well respected solo touring artist in the UK as The Natural Artistic Coon a chorister and musical director with the Jamaican Choral Union and having encountered syncopated music a jazz percussionist multi instrumentalist and vocalist not to mention a ground breaking bandleader All of these musical experiences took place through time on his own terms as he learnt his craft on the hoof via many different encounters with musical genres from Liverpool to London Paris Brussels Rio and Buenos Aires Gordon Stretton was truly a transoceanic jazz pioneer Community Series: Towards a Meaningful Instrumental Music Education. Methods, Perspectives, and Challenges – Volume II Andrea Schiavio,Marja-Leena Juntunen,Dylan van der Schyff,Luc Nijls,2024-02-26

Trying to understand the complex interplay between effective learning and personal experience is one of the main challenges for instrumental music education Much of the research that focuses on effective learning outcomes often adopts experimental methodologies that do not allow for a thorough examination of the subjective and social processes that accompany each student s musical journey on the contrary contributions dedicated to the detailed analysis of the learners lived experience often do not offer generalizable outcomes to different types of learning and teaching
