*Moving beyond Theoria toward Theosis* Justin A. Davis, 2024-06-10 Moving Beyond Theoria Towards Theosis focuses on the telos of man as understood in Plato s theoria envisioned in the allegory of the cave and early Christian reinterpretation of theoria as theosis In his famed allegory of the cave Plato maintains that real life exists beyond our base perceptions of reality and is found in the realm of ideas Theoria is eternal rest in this realm and is understood as the telos of mankind Plato s theoria underwent change as it was reinterpreted under middle Platonic and neo Platonic thought These systems incorporated a more mature idea of the divine than Plato but still minimized the material world This book explores how early Christianity inherited Plato s cosmology and terminology Theoria was also reinterpreted within the Christian context Eventually the term was abandoned for theosis Theosis is beyond theoria as it includes contemplation of the forms as well as union with the source of the forms and the affirmation of the material realm In this volume Justin A Davis shows how the Orthodox use of icons can be key to understanding theosis The icon is a material object that connects to a higher reality and ultimately toward union with the divine Plato s cosmology is collapsed and transfigured in union with the uncreated energy of God Icons are the depiction of spiritual ascesis and the new telos of man theosis

**Spirituality in Ministerial Formation** Andrew D. Mayes, 2009 In recent years theological education and training for both lay and ordained ministry have been reconceived in terms of ministerial formation But what is the origin of this paradigm and what difference does it actually make to both teachers and learners This study not only addresses these questions but also offering perspectives from the Eastern Christian traditions and from empirical research uncovers a dynamic role for prayer in the learning process It explores how different types of prayer have the potential to be a significant integrative cognitive healing empowering influence in ministerial formation and to enable a transformative process of deep learning It will prove not only to be a reference book for all practitioners in the field of theological education but also a practical workbook for teachers and students as its questions for individual or group use challenge present practice and open up new possibilities for the healing of the historic divide between theology and spirituality The book identifies elements for the development of a rich theology of ministerial formation which will enhance and energize the practice of theological education Seeking to re balance training and formation it invites a rethink of current functionalist approaches to professionalized lay and ordained ministry in terms of discovering creative and surprising functions of spirituality within the learning process The book thus has implications for the teaching of spirituality highlighting the need to articulate an integrated spirituality of education It also addresses important aspects of the Church s mission in society and the imperative of resourcing clergy and lay ministers for their engagement with the rising interest in spirituality in today s culture Book Jacket     Sobornost ,2004     **Words to Live by** Tim Vivian, 2005 Personal accounts of journeys to present day monasteries in Egypt and translations of ancient monastic texts Cover p 4     The Journal of Ecclesiastical History Clifford William Dugmore, 2004     *The Catholic Periodical and Literature Index* ,2008     **Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur** ,2007     **Church Observer** ,2002     *Journal of ancient Christianity* ,2007     *Zeitschrift für die neutestamentliche Wissenschaft und die Kunde des Urchristentums* ,2004
