Smith,2010-11-01 It has often been said that early America was the best poor man s country in the world After all wasn t there an abundance of land and a scarcity of laborers The law of supply and demand would seem to dictate that most early American working people enjoyed high wages and a decent material standard of living Down and Out in Early America presents the evidence for poverty versus plenty and concludes that financial insecurity was a widespread problem that plagued many early Americans The fact is that in early America only an extremely thin margin separated those who required assistance from those who were able to secure independently the necessities of life The reasons for this were many seasonal and cyclical unemployment inadequate wages health problems including mental illness alcoholism a large pool of migrants low pay for women abandoned families The situation was made worse by the inability of many communities to provide help for the poor except to incarcerate them in workhouses and almshouses The essays in this volume explore the lives and strategies of people who struggled with destitution evaluate the changing forms of poor relief and examine the political religious gender and racial aspects of poverty in early North America Down and Out in Early America features a distinguished lineup of historians In the first chapter Gary B Nash surveys the scholarship on poverty in early America and concludes that historians have failed to appreciate the numerous factors that generated widespread indigence Philip D Morgan examines poverty among slaves while Jean R Soderlund looks at the experience of Native Americans in New Jersey In the other essays Monique Bourque Ruth Wallis Herndon Tom Humphrey Susan E Klepp John E Murray Simon Newman J Richard Olivas and Karin Wulf look at the conditions of poverty across regions making this the most complete and comprehensive work of its kind Out of the Hay and Into the Hops Celia Cordle,2011 Out of the Hay and into the Hops explores the history and development of hop cultivation in the Weald of Kent together with the marketing of this important crop in the Borough at Southwark where a significant proportion of Wealden hops were sold A picture emerges of

the relationship between the two activities as well as of the impact this rural industry had upon the lives of the people engaged in it Dr Cordle draws extensively on personal accounts of hop work to evoke a way of life now lost for good Oral history together with evidence from farm books and other sources records how the steady routine of hop ploughing and dung spreading weeding and spraying contrasted with the bustle and excitement of hop picking bringing in as it did many itinerant workers from outside the community to help with the harvest and the anxious period of drying the crop For hops prey to the vagaries of weather and disease needed much care and attention to bring them to fruition In early times their cultivation provided work for more people than any other crop The diverse processes of hop cultivation are examined within the wider context of events such as the advent of rail and the effects of war as are changes to the working practices and technologies used and their reception and implementation in the Weald Meanwhile in the Borough an enclave of hop factors and merchants whose interests sometimes conflicted with those of the hop growers arose and then suffered decline A full account of this trade is presented including day to day working practices links with the Weald and the changes in hop marketing following Britain's entry into the European Economic Community This book provides readers with a fascinating analysis of some three hundred years of hop history in the Weald and the Borough Hops still grow in the Weald in the Borough the Le May facade and the gates of the Hop Exchange are reminders of former trade Book description **The Life of David Hume** Ernest Campbell Mossner, 1954 *"The" Fortnightly Review* , 1885 The Quarterly Register of Current History , 1892 The purpose of the Quarterly register is the bringing together of such matters appearing in the daily newspapers as may be valuable for permanent preservation **Collected Essays and Reviews: Reviews, 1871-1899** Henry Sidgwick, 1998 **Collected Essays of Walter Murdoch** Sir Walter Murdoch, 1940 Notes and Queries , 1882
