## **Negativity And Politics Dionysus And Dialectics From Kant To Poststructuralism:**

*Negativity and Politics* Diana Coole, 2002-01-04 First published in 2000 Although frequently invoked by philosophers and political theorists the theory of negativity has received remarkably little sustained attention *Negativity and Politics Dionysus and dialectics from Kant to poststructuralism* is the first full length study of this crucial problematic within philosophy and political theory Diana Coole clearly and skilfully shows how the problem of negativity lies at the heart of philosophical and political debate First she explores the meaning of negativity as it appears in modern and postmodern thinking Second she sets out the significance of negativity for politics and our understanding of what constitutes the political A key theme of *Negativity and Politics* is the recurring hostility between the dialectical use of negativity found in Hegel and running through Marxism and critical theory and the Dionysian use of negativity as developed by Nietzsche and found in important strands of French thought Diana Coole shows how the appropriation of negativity in both cases threatens but also informs our understanding of politics and the political A fascinating and bold intervention in political theory and philosophy *Negativity and Politics* will be of interest to all those in politics philosophy and contemporary social theory

*Exceptionalism and the Politics of Counter-Terrorism* Andrew W. Neal, 2009-10-16 This book is an analysis and critique of the concepts of exception and exceptionalism in the context of the politics of liberty and security in the so called War on Terror Since the destruction of the World Trade Centre on September 11th 2001 a notable transformation has occurred in political discourse and practice Politicians and commentators have frequently made the argument that the rules of the game have changed that this is a new kind of war and that exceptional times require exceptional measures Under this discourse of exceptionalism an array of measures have been put into practice such as detention without trial extraordinary rendition derogations from human rights law sanction or connivance in torture the curtailment of civil liberties and aggressive war against international law Situating exceptionalism within the post 9 11 controversy about the relationship between liberty and security this book argues that the problem of exceptionalism emerges from the limits and paradoxes of liberal democracy itself It is a commentary and critique of both contemporary practices of exceptionalism and the critical debate that has formed in response Through a detailed assessment of the key theoretical contributions to the debate this book develops exceptionalism as a critical tool It also engages with the problem of exceptionalism as a discursive claim as a strategy as a concept as a theoretical problem and as a practice This is the first book to capture the importance of the exceptionalism debate in a single volume and will be of much interest to students of critical security studies political philosophy IR theory and sociology

*Negativity and Democracy* Vasilis Grollios, 2017-01-12 The current political climate of uncompromising neoliberalism means that the need to study the logic of our culture that is the logic of the capitalist system is compelling Providing a rich philosophical analysis of democracy from a negative non identity dialectical perspective Vasilis Grollios encourages the reader not to think of democracy as a call for a more effective domination of the people or as a demand for the replacement of the elite that currently holds power In

doing so he aspires to fill in a gap in the literature by offering an out of the mainstream overview of the key concepts of totality negativity fetishization contradiction identity thinking dialectics and corporeal materialism as they have been employed by the major thinkers of the critical theory tradition Marx Engels Horkheimer Lukacs Adorno Marcuse Bloch and Holloway Their thinking had the following common keywords contradiction fetishism as a process and the notion of spell and all its implications The author makes an innovative attempt to bring these concepts to light in terms of their practical relevance for contemporary democratic theory      **Encyclopedia of Political Theory** Mark Bevir,2010-03-18 Looking at the roots of contemporary political theory this three volume set examines the global landscape of all the key theories and the theorists behind them and provides concise to the point definitions of key concepts ideas schools and figures      Crisis and Critique Rodrigo Cordero,2016-07-15 Fragility is a condition that inhabits the foundations of social life It remains mostly unnoticed until something breaks and dislocates the sense of completion In such moments of rupture the social world reveals the stuff of which it is made and how it actually works it opens itself to question Based on this claim this book reconsiders the place of the notions of crisis and critique as fundamental means to grasp the fragile condition of the social and challenges the normalization and dissolution of these concepts in contemporary social theory It draws on fundamental insights from Hegel Marx and Adorno as to recover the importance of the critique of concepts for the critique of society and engages in a series of studies on the work of Habermas Koselleck Arendt and Foucault as to consider anew the relationship of crisis and critique as immanent to the political and economic forms of modernity Moving from crisis to critique and from critique to crisis the book shows that fragility is a price to be paid for accepting the relational constitution of the social world as a human domain without secure foundations but also for wishing to break free from all attempts at giving closure to social life as an identity without question This book will engage students of sociology political theory and social philosophy alike      *Critique on the Heights of Despair* Robyn Lee Marasco,2006      Bibliografisch Repertorium Van de Wijsbegeerte ),2000      Ideology After Poststructuralism Sinisa Malesevic,Iain MacKenzie,2002-03-20 Leading scholars discuss ideology and hotly contested post structuralist theory      **Idea of Pure Critique** Iain MacKenzie,2004-04 The thinkers dealt with in the title Kant Deleuze and Guattari are the most influential philosophers of the 20th and 21st centuries It focuses on the key themes of Kantian philosophy and continental philosophy that came after Kant critique and difference      **Great Satan's Rage** Scott Wilson,2008-07-15 Great Satan s Rage looks at how rap and metal the two most pervasive popular music forms of the 1990s have been highly engaged with America s role in the world super capitalism and their own role within it This has especially been the case when genres have crossed over as an effect of cross racial forms of identification and desire marketing strategy political engagement opportunism and experimentation It is how examples of these forms have negotiated contested raged against survived exploited simulated and performed Satan s Rage that is the subject of this book The book offers a highly original approach in relating rap metal to critical theories of economy and culture introducing a new method of

cultural analysis based on theories of negativity and expenditure      **Forthcoming Books** Rose Arny,2000      Landscapes of Devils Gastón Gordillo,2004-12-06 Examines the inscription of historical forces in the senses of place of the Tobas an indigenous people of the Argentinean Chaco region whose recent history has been torn between exploitation in sugar plantations and relative autonomy in the bush      The Philosophical Review Jacob Gould Schurman,James Edwin Creighton, Frank Thilly, Gustavus Watts Cunningham,2001      Positions ,2006      **Merleau-Ponty and Modern Politics After Anti-Humanism** Diana Coole,2007-08-28 In this important new book Diana Coole shows how existential phenomenology illuminates and enlivens our understanding of politics Merleau PontyOs focus on embodied experience allows us to approach political life in a manner that is both critical and engaged With breadth of vision and penetrating insight Coole demonstrates that political questions were always central to Merleau PontyOs philosophical project Her examination of his complete body of work presents us with a rigorous philosophy that maintains our capacities for agency despite moving beyond a philosophy of the subject Merleau Ponty and Modern Politics after Anti humanism is the first major work on Merleau PontyOs political philosophy in over two decades Coole presents his later philosophy of flesh as the outline for a new understanding of the political which forms the basis for reconsidering humanism after but also through anti humanism She also shows how Merleau PontyOs concern with contingency anticipated arguments by thinkers such as Derrida Foucault and Deleuze while sustaining a robust sense of politics as the domain of collective life The result is a philosophical analysis that speaks to our contemporary concerns in which we seek a coherent account of our actions our environment and ourselves such that we might become exemplary political actors within a complex and uncertain world      The British National Bibliography Arthur James Wells,2000      **Radical Philosophy** ,2001      **Ruch filozoficzny** ,2001      *Philosophie nach Marx* Christoph Henning,2005      **Books in Print Supplement** ,2002
