Floege,2014-09-05 Consult this title on your favorite e reader conduct rapid searches and adjust font sizes for optimal readability The right amount of basic science and practical clinical guidance assists in making efficient and informed decisions Extensive updates on key topics keep you at the forefront of the field New chapters on glomerulonephritis associated with complement disorders interventional treatments for hypertension renal disease and cancer and epidemiology and prognostic impact of acute kidney injury Over 1 500 color illustrations highlight key topics and detail pathogenesis for a full range of kidney conditions and clinical management Hundreds of color coded algorithms promote quick reference and to help you retain concepts Over 400 NEW self assessment questions available at Expert Consult *Homeostasis, Nephrotoxicity, and Renal Anomalies in the Newborn* J. Strauss,2012-12-06 This is the 11th of the Pediatric Nephrology series created to help us be in touch with developments which are relevant to the problems we face daily in clinical practice and the questions we ask and try to answer in clinical and experimental research Like volume IX this one focuses on one of the subgroups to which we are committed the neonates special fluid and electrolyte requirements This volume has more on blood pressure and renal function and looks at the hormonal regulators There is greater depth about intoxications and nephrotic agents congenital disorders and mineral metabolism The exchanges were stimulating and the controversies were brought out without need of much of my usual prodding At Julie Ingelfinger s suggestion at the end of each panel discussion I have added a comment to highlight the main points as I see them Otherwise the format remains as in past editions the papers given related to the four major topic areas each followed by panel and registrant discussion Although the transcription is almost verbatim you will not find the names of the discussants purposely omitted to ease my editorial work and to encourage

everyone to speak candidly Some of the questions and answers are those submitted to the panelists after the sessions incorporated here by request Also frequent references are made to others work but their names have been omitted
