## Netapp Installation Guide:

**NetApp and VMware View Solution Guide** Chris Gebhardt,Abhinav Joshi, **Certification Guide Series: Tivoli Storage Productivity Center V4.1** Mary Lovelace,Paolo D'Angelo,Markus Standau,IBM Redbooks,2010-01-30 This IBM Redbooks publication is a study guide for IBM Tivoli Storage Productivity Center Version 4.1. It is targeted for professionals who want to obtain certification as an IBM Certified Deployment Professional Tivoli Storage Productivity Center V4.1. This Certification offered through the Professional Certification Program from IBM is designed to validate the skills required of technical professionals who perform installation configuration administration and problem determination of IBM Tivoli Storage Productivity Center V4.1 and demonstrates the features and functions of this product to the end user. This book provides a combination of theory and practical experience necessary for a general understanding of the subject matter. It also provides links to questions that can help in the evaluation of personal progress and provide familiarity with the types of questions that will be encountered in the exam. This book does not replace practical experience nor is it designed to be a stand alone guide for any subject. Instead it is an effective tool that when combined with educational activities and experience can be a useful preparation guide for the exam. **Network World** ,1996-12-02 For more than 20 years Network World has been the premier provider of information intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations. This book is intended for IBM technical professionals Business Partners and customers responsible for the planning deployment and maintenance of the IBM System Storage DS5000 Series family of products. We realize that setting up DS5000 Storage Servers can be a complex task. There is no single configuration that will be satisfactory for every application or situation. First we provide a conceptual framework for understanding the hardware in a Storage Area Network. Then we offer our guidelines hints and tips for the physical installation cabling and zoning using the Storage Manager setup tasks. Next we provide a quick guide to help you install and configure the DS5000 using best practices. After that we turn our attention to the performance and tuning of various components and features including numerous guidelines. We look at performance implications for various application products such as IBM DB2 Oracle IBM Tivoli Storage Manager Microsoft SQL server and in particular Microsoft Exchange server. Then we review the various tools available to simulate workloads and to measure collect and analyze performance data. We also consider the IBM AIX environment including IBM High Availability Cluster Multiprocessing HACMPTM and IBM
