O'Brien, 2012-02-14 Featuring dozens of Japanese netsuke masterpieces and insightful commentary this Japanese art book is a classic collector's item Netsuke A Guide for Collectors approaches the subject of Japanese netsuke from the point of view of the amateur collector rather than that of an owner discussing his own accomplished collection Ever since Japan's emergence a little over a century ago from her long period of seclusion under Tokugawa rule netsuke have exerted an almost irresistible attraction for Western collectors These tiny carvings exquisite in detail charming in conception and delightful for the sheer tactile pleasure to be experienced in handling them captivated admirers of Japanese art and craftsmanship Basically netsuke were utilitarian in purpose for they were designed to serve as pendants or toggles to support medicine boxes writing cases smoking equipment and similar articles worn suspended by a cord from the obi a practical device since the kimono had no pockets At first quite primitive in design they soon became more and more sophisticated and their carvers turned increasingly to the legendary of Japan and China for inspiration and subject matter This fascinating book is a wonderful introduction to this classic Japanese art and will be invaluable for both professional collections and amateurs alike ["Buyurdum ki...." - The Whole World of Ottomana and Beyond](#), 2023-09-04 This book is dedicated to Claudia R mer and brings together 33 contributions spanning a period from the 15th to the 20th century and covering the wide range of topics with which the honoree is engaged The volume is divided into six parts that present current research on language literature and style as well as newer approaches and perspectives in dealing with sources and terminologies Aspects such as conquest administration and financing of provinces are found as well as problems of endowments and the circulation of goods in the Arab provinces of the Ottoman Empire Another main topic is dedicated to minorities and their role and situation in various provinces and cities of the Ottoman Empire as represented by various
