next hop the packet should be forwarded to Usually the following information is required for the forwarding decision the node s own geographical position the position of all neighbors within transmission range and the position of the destination Based on this information the forwarding node selects one of its neighbors as the next hop such that the packet makes progress toward the geographical position of the destination   *Signal* ,1993   **TCP/IP Administration** Craig Zacker,1998-01-16 TCP IP Administration Network TCP IP on Windows NT and IntranetWare Take full advantage of the open all purpose capacity of TCP IP to ensure interoperability between technologies on your network With clear and concise language Craig Zacker presents the procedures for implementing TCP IP protocols on either Windows NT or IntranetWare servers connecting diverse clients integrating applications and support utilities testing with the latest diagnostic tools and assessing network traffic Working Solutions for Everyday Networking Challenges Complete overview of TCP IP internals including naming and addressing conventions Thorough analysis of the four layer TCP IP reference model link Internet transport and application Full procedures for installing TCP IP support on Windows NT and IntranetWare servers Detailed review of TCP IP Microsoft and Novell tools including PING TRACERT and NETSTAT Practical strategies for IP routing DHCP and IP management and DNS communications CD ROM features 17 high performance tools Complete IETF RFCs Internet Explorer 4 0 AcrobatReader 3 01 Set MTU Size Dimension 4 FTP Explorer Free Agent PingGraph Net Medic 1 2 CuteFTP NetXRay NewsMonger Subnet Pro CyberKit mIRC IP Calculator Port Scanner Shareware programs are fully functional free trial versions of copyrighted programs If you like particular programs register with their author for a nominal fee and receive licenses enhanced versions and technical support Freeware programs are free copyrighted games applications and utilities You can copy them to as many PCs as you like free but they have no technical support Platform and System Requirements Windows 95 NT 4 0 16MB RAM Windows 95 24MB RAM Windows NT 4 0 http www idgbooks com   Dissertation Abstracts International ,1990
