Nicene Creed Study Guide:

The Nicene Creed Victor Charles Pogue, 1981 **SCM Studyguide Early Christian Doctrine and the Creeds** Piotr Ashwin-Siejkowski, 2013-02-11 The SCM Studyguides are becoming increasingly well known recognized and adopted as accessible textbooks for level 1 students who have no prior knowledge of the subject The SCM Studyguide Early Christian Doctrine and the Creeds offers an accessible stimulating and interactive guide book to the emergence of Christian identity with particular attention to the earliest form of the Christian thought and doctrine The author analyses the crucial statements of the early Creeds and rules of faith He explains the creedal statements on the nature of God creation incarnation redemption the Church and eschatology and outlines the theological context which influenced their formulation and later modifications by other texts and authors The Creeds are part of the heritage of all Christian tradition and therefore have to be studied by both theological students and in the context of education for discipleship modules **SCM Studyguide: Christian Doctrine** Astley Jeff, 2015-04-21 An accessible textbook for all engaging with Christian doctrine for the first time A valuable resource and suitable for all clergy and all training for ministry **SCM Studyguide: Philosophy and the Christian Faith** Ben Pugh, 2018-12-04 The challenges that Western culture keeps posing to the Christian faith are ever new The goal posts keep changing This study guide will equip theology students to understand the culture shaping beliefs that are driving the kinds of questions it brings to faith It will be an historical overview of the key stages in the history of Western philosophy with each section carefully tracing the genealogical line of ideas and the Christian responses to them right up to the present day For most theology students learning abstract philosophical concepts involves literally learning a new language a language that the initiated converse in with ease but which leaves the uninitiated baffled Thus each chapter in this study guide opens with a glossary of terms Throughout the studyguide students are encouraged to reflect on the ways in which what has been learned might be applied in both explicitly theological and wider cultural contexts for example they might be asked to think of a film or book that seems to express elements of existentialism or postmodernism or to describe how something very like the extreme subjectivity of idealism can sometimes show itself in Sunday morning worship *The Christian's Manual. A Practical Guide to the Study of the Emended New Testament* William Cartan, 1876 *Faith of Our Fathers* L. Charles Jackson, 2007 A short description of the Nicene Creed *The Nicene Creed for Young People* Anthony M. Coniaris, 2004 The greatest summary of our Orthodox Christian faith is made understandable to young people of the upper elementary and junior high level Using stories the author simplifies the truths of the Creed and makes them relevant to the lives of young people in today's world Attractively printed in two colors A study guide on each verse of the Creed is included with questions and discussion starters *SCM Studyguide Church History* Stephen Spencer, 2013-08-30 An introduction to the study of the ways the church has evolved in its corporate life since its birth in the first century Special attention is given to studying its changing relationship and interaction with the surrounding societies in which it has existed The intended

readership will be those training for ministry in English speaking churches so the studyguide will concentrate on those aspects of this subject of most relevance to this group This means there will be greater attention to developments in the West than in the East especially in later centuries and to topics such as the nature of ministry the sacraments places of worship authority in the church and mission These will be examined at each period of church history in each chapter to provide reference points of comparison throughout the book Each chapter will also contain a specific case study presenting extracts of some key documents with notes commentary and questions for discussion to allow readers to develop skills in historical research General discussion questions and reading lists will be provided at the end of each chapter The final chapter will provide guidance for the study of the history of the student s own church and community
