Nightwatcher Jacob Ward:

The Nightwatcher Jacob Ward, 2015-12-12 Sterling City A playground for the cruel and corrupt Once a shining beacon of prosperity it has now become a broken down shell of its former self For five years the criminal mastermind known only as The Dark has ruled his kingdom with an iron fist Many feel that Sterling City is a lost cause that all hope is gone Wade Riley comes home to Sterling City after five years away fighting in the War The city he returns to is a twisted perversion of the city he left Joining the Sterling City Police Department doesn't help as he and his friend Jason Drake seem to be the only honest cops on the force Riley wants to believe there is still a chance for Sterling City but he decides to give it up anyway Yet Riley still feels a powerful sensation within him and he has been given new life a new purpose to take back Sterling City from the captors holding it hostage Using the alter ego The Nightwatcher Riley will plunge deep into the heart of the city to fight for its soul Or die trying

The Nightwatches of Bonaventura Gerald Bonaventura, 2014-10-24 This is a strange darkly ironic novel published under the nom de plume of Bonaventura originally in German in 1804 It is a true child of the romantic agony the narrator and anti hero a night watchman named Kreuzgang was once a poet Now stripped of all Romantic illusion he works as a watchman which gives him a vantage on the follies of other citizens To Kreuzgang life is a grotesque macabre and sordid joke sprung by a mechanical and heartless force A cult classic in some literary circles Gothic lit fans and specialists in German Romanticism the book is uncannily cinematic Every night Kreuzgang goes on his rounds and stops to peer into a window or door where he observes a framed scene of murder despair theft romance or some other private moment He is cynical and pessimistic and comic in a way that seems current turning the culture of Romanticism inside out The writing is quite simply brilliant Ever since *Die Nachtwachen* was first published fans have speculated on who could have written it The belief today is that the author was probably the theater director August Klingemann who as translator Gerald Gillespie explains idolized Shakespeare and first staged Goethe's *Faust* Certainly Klingemann would have understood the power and artifice of the framed scene In 1972 Gerald Gillespie published a translation in the Edinburgh Bilingual Series which was released in the States by the University of Texas Press Our edition includes the English version only with a new less pedantic introduction by Gillespie and a brief afterword

Annual Reports of the Various Departments of the City ... Columbus (Ohio), 1891 **The Monument's End** Marisa Anne Bass, 2024-10-15 How today's questions surrounding monuments and the ways we commemorate our past first arose in Rembrandt's time Monuments occupy a controversial place in nations founded on principles of freedom and self governance It is no accident that when we think of monuments we think of statues modeled on legacies of conquest domination and violence *The Monument's End* reveals how the artists architects poets and scholars of the early modern Netherlands

contended with the profound disconnect between the public monument and the ideals of republican government Their experiences offer vital lessons about the making reception and destruction of monuments in the present In the seventeenth century the newly formed Dutch Republic dominated world trade and colonized vast overseas territories even as it sought to shed the trappings of its imperial past Marisa Anne Bass describes the frustrated attempts by figures such as Rembrandt van Rijn and playwright and poet Joost van den Vondel to reimagine public memory for their emergent nation She shows how the most celebrated age of Dutch art was more an age of bronze than of gold one in which the pursuit of freedom from domination was constantly challenged by the commercial ambitions of empire Exploring how the artists and intellectuals of this vibrant century asked questions that still resonate today this beautifully illustrated book discusses works by contemporary artists such as Spencer Finch and Thomas Hirschhorn and offers new perspectives on monuments like the 9 11 Memorial and Museum and events such as the Unite the Right rally in Charlottesville [Indian School Journal](#),
