Nims Incident Response Pocket Guide 2012

Jeff Jones

Nims Incident Response Pocket Guide 2012:

Emergency Management for Healthcare Norman Ferrier, 2022-11-29 This series of books focuses on highly specialized Emergency Management arrangements for healthcare facilities and organizations. It is designed to assist any healthcare executive with a body of knowledge which permits a transition into the application of emergency management planning and procedures for healthcare facilities and organizations. This series is intended for both experienced practitioners of both healthcare management and emergency management and also for students of these two disciplines. [Sistema de Gerenciamento de Incidentes e Crises](#) Wanderley Mascarenhas de Souza, Paulo Augusto Aguilar, Valmor Saraiva Racorti, Márcio Santiago Higashi Couto, Ao longo dos anos a segurança pública no Brasil vive constantes mudanças de procedimentos na sua área de técnicas policiais voltadas para o atendimento de ocorrências especiais que envolvem riscos localizados ameaças de suicídios, atiradores ativos, detentos em revolta, provocando rebeliões com riscos ameaças e ataques envolvendo artefatos explosivos, combate ao crime organizado que atua em roubos a carros, fortes agências bancárias e empresas de transporte de cargas ou outros tipos de eventos semelhantes. Essas ocorrências criam as mais diversas situações, obrigando de imediato a instituição policial a realizar o protocolo adequado para responder e solucionar a ocorrência com uma resposta satisfatória. Os norte-americanos usam o termo law enforcement que podemos traduzir como forças de aplicação da lei. Como no Brasil não costumamos utilizar esse termo mais abrangente, utilizaremos o termo polícia genericamente para indicar as forças de segurança pública tanto as polícias no nível federal quanto polícias estaduais, civis e militares, além das guardas municipais e as forças armadas quando em operações de garantia da lei e da ordem. Diante da diversidade dos fatos, existe a necessidade de a instituição policial realizar constantemente ações norteadoras de capacitação e qualificação técnica profissional que possibilitem ao policial realizar tarefas capazes de identificar situações críticas e executar de maneira técnica os procedimentos recomendados para a organização de um cenário de crise e seu correto atendimento e sua correta resolução.
