## **Cover Letter Intermittent Fasting Update:**

**Cheat Sheet To Winning With Intermittent Fasting** Tonya Fines, BSC, PE, 2021-11-25 Intermittent fasting is arguably the least expensive and most powerful healing method we can incorporate into our lives Every religion has an element of fasting whether it s 30 days of Ramadan or a one day Yum Kippur fast Our ancient ancestors were definitely on to something We humans have been fasting since we first walked the earth Our paleolithic ancestors didn t have the luxury of 24 7 convenience stores a Starbucks on every corner or even refrigerators to store their food Thus they ate what was freshly available But sometimes they couldn t find anything to eat and their bodies evolved to be able to function without food for extended periods of time Today we still have this same biology we haven t evolved at all And if anything fasting from time to time is more natural and healthier than constantly eating 3 4 or more meals per day I ll show you proof further below
