### The Google Drive Trick Keeps My Files Perfectly Organized

How do you keep your files organized? I've found a trick that works for me. It's called the Google Drive Trick. It's a simple way to keep your files organized and easy to find.

Here's how it works:

1. Create a new folder in Google Drive. Name it "My Files".

2. Move all your files into this folder. This includes files from your computer, your phone, and any other devices you use.

3. Now, whenever you want to find a file, just look in the "My Files" folder. You'll find everything you need in one place.

4. This trick works for all your files, no matter what device you use. It's a simple way to keep your files organized and easy to find.

Here's a link to the folder:
