Undercurrents Robert Buettner, 2011-07-01 Second in the hard hitting military science fiction Orphan's Legacy series. Ace intelligence operative Lt Jazen Parker parachutes into a giant habitat known as Paleozoic on a mission to bring down the local politicians. He quickly realizes he's been handed a near impossible task. Paleozoic is a politically quarantined nightmare world with a culture confined to iron rivet technology and a ruling regime a bit to the right of Heinrich Himmler. Jazen is inclined to abandon this particular hellhole to its ways that is until he uncovers a plot afoot that will throw a five hundred planet alliance into the death throes of anarchy. So the local Nazis must go. Unfortunately all Jazen's got to work with is a handful of rust bucket tanks, a retread rebellion and two strong beautiful women who love him but think he's tilting at windmills and is about to get himself killed. What they don't know is once committed Jazen Parker is the best there is when it comes to getting the dirty job done on the ground. It's the local bullies who are about to be taught a lesson in losing. At the publisher's request this title is sold without DRM Digital Rights Management.

Balance Point Robert Buettner, 2014-04-08 3 in the science fiction adventure Orphan's Legacy series a saga of spy games and military action on an interplanetary scale. The balance point of interplanetary Cold War II between Earth and monolithic Yavet tips unexpectedly toward peace. Covert ops Captain Jazen Parker and his sharp shooting lover and partner Kit Born slide from world saving hazardous duty to escorting a telepathic alien monster home from Earth to mate. And the two of them are forced to consider a quiet domestic future together. But when old enemies thirst for power and revenge Jazen's problematic past and his former girlfriend upset Jazen and Kit's personal balance point the two cold warriors find their relationship and their very survival tested as never.
