The Conscience of a Lawyer John A. Salmond,2020-11-10 Clifford Judkins Durr was an Alabama lawyer who played an important role in defending activists and other accused of disloyalty during the New Deal and McCarthy eras His uncompromising commitment to civil liberties and civic decency caused him to often take unpopular positions In 1933 Durr moved to Washington to work as a

lawyer for the Reconstruction Finance Corporation a creation of Roosevelt's new Democratic administration becoming a dedicated New Dealer in the process. He was then appointed by President Franklin D. Roosevelt to the Federal Communications Commission FCC a politically sensitive position as FDR sought to counter the increasing power and concentration of broadcasters many of whom were opponents of the New Deal. Durr resigned from the FCC in 1948 and after brief employment with the National Farmers Union in Colorado the Durrs eventually returned to Montgomery, Alabama in the hope of returning to a more prosperous less controversial life. Durr continued to practice in Montgomery as counsel for black citizens whose rights had been violated and ultimately in December 1955 when police arrested Rosa Parks for refusing to give her bus seat to a white man he stepped in and lent his extensive legal prowess to her case and the continuing quest for civil rights. Closing his firm in 1964 Durr began to lecture in the United States and abroad. Southern Culture John J. Beck, Aaron J. Randall, Wendy Jean Frandsen, 2007 From the very beginning the South was different. The source and significance of this difference has been debated and discussed for over 200 years. In recent decades the demise of the South as a regional culture has frequently been predicted although now some scholars and journalists are maintaining that it is proving to be remarkably resilient and is actually having an ever greater influence on the broader American culture. *Southern Culture* examines the origins and evolution of the region's culture and focuses on six key patterns that have defined it agrarianism, class relations, race relations, gender and family traditions, evangelical Christianity and political traditions. *Southern Culture* also explores the products of the culture with major sections on dialect, painting, architecture, pottery, music, literature and icons and myths. It concludes with essays by each of the authors in which they reflect on where Southern culture is headed. Three community college instructors combine their long experience in teaching English history and sociology in North Carolina Vance Granville Community College to provide an interdisciplinary introductory text well worth adoption. Beck, Frandsen and Randall meet well the challenge of merging humanities and social science approaches to regional studies by examining six focal areas race, class, politics, family, religion and agrarianism. Highly recommended. *Choice Magazine* a scholarly resource that also is fun to read. *Durham Herald Sun* [Churchill's Rebels](#) Meredith Whitford, 2014. *Churchill's Rebels* is a heart breaking story of two people madly in love and in open rebellion against their up bringing and a way of life. Esmond Romilly was the nephew of Winston Churchill a rebel against his family and a public school who left England to fight for the rebels in the Spanish Civil War. Jessica Mitford was one of the notorious Mitford girls always known as Decca and grew up in a life of Downton Abbey aristocratic privilege. In 1937 when Esmond was 18 and Jessica 19 they met and fell madly in love and scandalously ran away together to the Communist Front in Spain. After three months of family

opposition they were finally married With war ever approaching Esmond trained to fly and was killed in active service with Bomber Command They had only had four brief tempestuous and loving years together *The Southern Historian*, 1997
