**Exploring the Financial Parables of Jesus** Keith Bodner,2025-09-09 Storytelling is a powerful and effective means of communication a truth Jesus knew and used to great advantage in his parables Many of the plots in these parables involve financial matters They teach about God s perspective on money resources and their use but further they teach profound spiritual truths about the kingdom of God This kingdom operates according to a different kind of economy wherein relationships love and serving others take precedence over accumulating wealth and possessions Taken together the parables examined in this book paint a picture of divine generosity and grace in both the financial and spiritual realms This in turn challenges readers to reexamine their priorities and how money and possessions can be used for the kingdom The author brings his expertise in literature and biblical studies to bear in a fresh examination of the nature of parables and their interpretation in general and of a number of Jesus s prominent parables with financial themes all with an eye toward contemporary application He does so without scholarly jargon making this accessible book ideal for both undergraduate courses on the Gospels and for church leaders and groups
