Parallel Classic Commentary On The Psalms:

Parallel Classic Commentary on the Psalms Charles Haddon Spurgeon, John Calvin, Matthew Henry, 2005 A parallel New Testament commentary that includes the text of the King James Version and applicable portions from the sermons from Charles Spurgeon on each left hand page and excerpts from the writings of John Calvin and Matthew Henry on each right hand page. Read the biblical text and glance across the page to get the interpretations and meditations of these giants of the faith

Praying Curses Daniel Nehrbass, 2013-06-21 Public reading of the psalms facilitates corporate worship but it can also create a degree of awkwardness as a number of passages in the Psalter contain curses asking God to avenge enemies. The presence of vengeful speech seems antithetical to Jesus Sermon on the Mount. What are these psalms really about? This book recovers the value of imprecatory speech in Scripture arguing that such passages continue to be relevant today both in preaching and therapy. The interpretive model Nehrbass suggests is that of dependence: these psalms transfer the burden of one's enemies to God and affirm that it is God's prerogative alone to avenge. The authors of the imprecatory psalms were victims of violence so this book looks to contemporary victims of violence for their interpretation and application of these psalms. This study is decidedly practical. Nehrbass examines the nature of anger and hatred and highlights some of the redemptive aspects of these emotions. He concludes that the imprecatory psalms offer several positive aspects for dealing with hatred. Use of these passages fosters in believers a passion for God's reputation and can also aid us in surrendering our problems to God's control.

Biblical Commentary on the Psalms Franz Delitzsch, 1876 [Waiting in Christian Traditions](#) Joanne Robinson, 2015-12-17 Christians wait for prayers to be answered for an afterlife in heaven for the Virgin Mary to appear and for God to speak. They wait to be liberated from oppression to be saved or born again for Easter morning to dawn for healing for conversion and for baptism. Waiting and the disappointment and hope that often accompany it are explained in terms that are at first glance remarkably invariant across Christian traditions: what will happen will happen on God's time. A study of sources from across Christian traditions shows that there is considerable complexity beneath this surface claim. Understandings of free will and personal agency alongside shifts in institutional and theological commitments change the ways waiting is understood and valued. Waiting is often considered a positive state to be endured as long as God wills and that fundamental understanding helps keep the promises at the heart of Christianity alive. Scholars have long overlooked the problem and promise of waiting despite or perhaps because of its prevalence. Indeed there are relatively few mystics few who have undergone sudden conversion and few who have attained saintly status. Many however have waited and that problem remains prominent and its solutions remain influential in Christian traditions today.
