Pops, 2009-06-01 In *Ethical Leadership in Turbulent Times* Gerald M Pops combines leadership and organizational theory with early twentieth century history to model public leadership that is both monumentally effective and classically ethical The book draws on the career of General George C Marshall including his character virtues and ethical practices in two world wars and his efforts to keep the peace and promote economic recovery following World War II Love Works Philip Wagner, Holly Wagner, 2014-04-08 You already know that women and men are different and those differences can make your marriage tricky and some days seemingly impossible So what s the secret To realize a healthy passionate and life giving relationship for the long haul you need love Not the fairy tale kind of love that lives happily ever after once a single measly dragon has been slain There s always more than one dragon in real life anyway right The secret is a love that does the work of loving day in and day out never giving up or backing down In *Love Works* Holly and Philip Wagner pull back the curtain on their nearly 30 year partnership and invite you to take an honest look at your own relationship With humor and transparency they demonstrate how you can create an extraordinary and fulfilling relationship the kind of real and remarkable everyday love that stands the test of time You will find that your dream marriage is truly a labor of love *The First 12 Months of Motherhood* Susan Hassebrock, 1997 In this important guide Hassebrock explores in detail all of mom s firsts which occur in the first year of her baby s life Featuring stories from other new mothers and opinions by expert doctors *The First 12 Months of Motherhood* guides new mothers with helpful advice and self evaluations *Fundamentals of Complementary, Alternative, and Integrative Medicine - E-Book* Marc S.
