Passionate Declarations Essays On War And Justice:

Passionate Declarations Howard Zinn, 2003-06-17 From the bestselling author of *A People's History of the United States* comes this selection of passionate honest and piercing essays looking at American political ideology Howard Zinn brings to *Passionate Declarations* the same astringent style and provocative point of view that led more than a million people to buy his book *A People's History of the United States* He directs his critique here to what he calls American orthodoxies that set of beliefs guardians of our culture consider sacrosanct justifications for war cynicism about human nature and violence pride in our economic system certainty of our freedom of speech romanticization of representative government confidence in our system of justice Those orthodoxies he believes have a chilling effect on our capacity to think independently and to become active citizens in the long struggle for peace and justice

Agitation with a Smile Stephen Bird, Adam Silver, Joshua C. Yesnowitz, 2015-11-17 *Agitation with a Smile* offers a reappraisal of Howard Zinn's political thought and situates his efforts in a contemporary context looking toward the nature of activism and dissent in the future This is the first book to provide a substantive account and assessment of Zinn's philosophy and approach to collective action and to a larger extent democracy The contributors to this book explore the most effective mechanisms by which to arouse public support for seemingly radical positions and how current technological advancements may alter our perception of Zinn's activism The book is a valuable guide to a new generation of activists and scholars of politics in gauging the lasting relevance and legacy of Zinn's ideals concepts and methodology The text is neither fawning nor unduly critical unlike many discussions of Zinn in popular culture Rather the contributors engage the various complexities and tensions present throughout Zinn's work and subject them to contemporary assessment This is a multidisciplinary and international approach to Howard Zinn's intellectual and activist canon

Becoming Nonviolent Peacemakers Eli Sasaran McCarthy, 2012-07-11 Why do many U S residents Catholics and Catholic leaders among them too often fall short of adequately challenging the use of violence in U S policy The opportunities and developments in approaches to peacemaking have been growing at a significant rate However violent methods continue to hold significant sway in U S policy and society as the commonly assumed way to peace Even when community organizers policymakers members of Catholic leadership and academics sincerely search for alternatives to violence they too often think about nonviolence as primarily a rule or a strategy Catholic Social Teaching has been moving toward transcending the limits of these approaches but it still has significant room for growth In order to contribute to this growth and to impact U S policy McCarthy draws on Jesus Gandhi Ghaffar Khan and King to offer a virtue based approach to nonviolent peacemaking with a corresponding set of core practices This approach is also set in conversation with aspects of human rights discourse to increase its possible impact on U S policy As a whole *Becoming Nonviolent Peacemakers* offers an important challenge to contemporary accounts of peacemaking in the U S

Toward a Literacy of Promise Linda A. Spears-Bunton, Rebecca Powell, 2012-08-21 This book gives us strategies for bringing life back to school it allows us to think

creatively about connecting instruction to the lives of children who have not been well served it helps us learn to value the gifts with words our children of color bring and it gives us hope for educating a generation that can change the status quo that will build the America we have yet to see the one that made that as yet unfulfilled promise of liberty and justice for all Lisa Delpit From the Foreword Toward a Literacy of Promise examines popular assumptions about literacy and challenges readers to question how it has been used historically both to empower and to oppress The authors offer an alternative view of literacy a literacy of promise that charts an emancipatory agenda for literacy instructional practices in schools Weaving together critical perspectives on pedagogy language literature and popular texts each chapter provides an in depth discussion that illuminates how a literacy of promise can be realized in school and classrooms Although the major focus is on African American middle and secondary students as a population that has experienced the consequences of inequality the chapters demonstrate general and specific applications to other populations **Reading, Learning, Teaching Howard**

Zinn Ed Welch, 2009 Howard Zinn is one of the most celebrated historians and social activists of our time Raised in a working class family in Brooklyn he was a shipyard worker and union organizer when World War II began He served as a bombardier in the European Theatre and this experience shaped his opposition to war as an instrument of foreign policy He became active in the civil rights movement as well as the anti war movement from the 1950s to the 1970s He is perhaps best known as the author of A People s History of the United States published in 1980 This study of Zinn s life and work opens the door to many aspects of historical study generally untouched in traditional secondary and collegiate survey courses in United States history To Zinn history is not an objective account of the past to be indelibly carved into the brains of American citizens rather history is an ever changing palette of events as people react to the contexts and cultures they find themselves immersed in By considering the lives and thoughts of less politically and socially prominent individuals students have the opportunity to re examine their own beliefs and assumptions about contemporary American life Students will gain insight into how history is constructed and recorded through a consideration of the life and writings of Howard Zinn *Civil*
