The Psychic Energy Codex is an excellent workbook for novices and experts alike It demystifies and informs the reader concerning psychic skills and energy use I high recommend it Kerr Cuhulain author of Full Contant Magick and Wiccan Warrior This book has a double identity On one hand it is a workbook that is designed to introduce psychic perception to those new to the concept of vital energy In this capacity each chapter is a lesson that introduces key concepts and skills allowing readers to develop a better understanding of their psychic abilities but it is also far more than an introductory text After your first thorough reading of the book its secondary identity will become clear Psychic ability is not a supernatural privilege It is simply another aspect of our very natural interaction with the world around us The Psychic Energy Codex explains in plain and simple terms how apparently extraordinary abilities work putting the power to control them directly in your hands    Psychic Development Exercises and Techniques Charles Mage,2023-05-27

Psychic Development Exercises and Techniques is a manual that teaches how you can awaken and develop your psychic abilities Psychic power is not just for those who are gifted but it is for everyone Every human being is blessed with psychic power However you need to awaken and develop this power for you to be able to use it Although it is true that some people are naturally gifted with active psychic power it does not mean that you cannot awaken your inner power Indeed it has long been established in psychic and occult communities that we all have the ability to harness our magical power and the potential that we can reach is infinite Psychic Development Exercises and Techniques lays down the foundation and gives practical exercises and techniques to awaken and develop your psychic power True psychic power is not something that you simply believe in but you must experience it actually and personally This book provides the training that you need to undergo to awaken the power that lies within you Whether you are a complete beginner or an intermediate practitioner who is looking for a way to immerse yourself in the magical world then this is the manual for you Psychic power is a general term that refers to various kinds of magical powers and abilities that you can exercise Nevertheless every psychic training that you engage in will develop your overall psychic abilities and skills As such no training is ever wasted The good news is that developing your psychic power is not difficult Never think that you are not good enough to awaken your psychic power You must realize that the power that you seek is already within you it is just a matter of letting it out This manual is more than a set of theories and instructions but it is an invitation to a wonderful and magical journey that might just change your life forever I have also included exercises and

techniques that I have learned from the occult and psychic workshops that I have attended I hope that this humble work would serve as a guiding light to help you find your own path and actually experience the beauty and power of true magic
