**Handbook of Leadership Theory and Practice** Nitin Nohria, Rakesh Khurana, 2010-01-26 Scores of books and articles have been written in the popular press and mainstream marketplace about leadership who leaders are what they do and why they matter Yet in academia there is a dearth of rigorous research journal articles or doctoral programs focused on leadership as a discipline Why do top business schools espouse mission statements that promise to educate the leaders of the future yet fail to give leadership its intellectual due The Handbook of Leadership Theory and Practice seeks to bridge this disconnect Based on the Harvard Business School Centennial Colloquium Leadership Advancing an Intellectual Discipline and edited by HBS professors Nitin Nohria and Rakesh Khurana this volume brings together the most important scholars from fields as diverse as psychology sociology economics and history to take stock of what we know about leadership and to set an agenda for future research More than a means of getting ahead and gaining power leadership must be understood as a serious professional and personal responsibility Featuring the thinking of today's most renowned scholars the Handbook of Leadership Theory and Practice will be a catalyst for elevating leadership to a higher intellectual plane and help shape the research agenda for the next generation of leadership scholars

**Faith in the Halls of Power : How Evangelicals Joined the American Elite** Religion and Urban Life Rice University D. Michael Lindsay Assistant Professor of Sociology and Assistant Director and Faculty Fellow at the Center on Race, 2007-09-24 Evangelicals once at the periphery of American life now wield power in the White House and on Wall Street at Harvard and in Hollywood How have they reached the pinnacles of power in such a short time And what does this mean for evangelicals and for America Drawing on personal interviews with an astonishing array of prominent Americans including two former Presidents dozens of political and government leaders more than 100 top business executives plus Hollywood moguls intellectuals athletes and other powerful figures D Michael Lindsay shows first hand how they are bringing their vision of moral leadership into the public square This riveting volume tells us who the real evangelical power brokers are how they rose to prominence and what they're doing with their clout Lindsay reveals that evangelicals are now at home in the executive suite and on the studio lot and from those lofty perches they have used their influence money and ideas to build up the evangelical movement and introduce it to the wider American society They are leaders of powerful institutions and their goals are ambitious to bring Christian principles to bear on virtually every aspect of American life Along the way the book is packed with fascinating stories and striking insights Lindsay shows how evangelicals became a force in American foreign policy how Fortune 500 companies are becoming faith friendly and how the new generation of the faithful is led by cosmopolitan evangelicals These are well educated men and women who read both The New York Times and Christianity Today and who are wary of the evangelical masses penchant for polarizing rhetoric apocalyptic pot boilers and bad Christian rock Perhaps most startling is the importance of personal relationships between leaders a quiet conversation after Bible study can have more impact than thousands of people marching in the streets Faith

in the Halls of Power takes us inside the rarified world of the evangelical elite beyond the hysterical panic and chest thumping pride to give us the real story behind the evangelical ascendancy in America      *Outsider Leadership* Chris O'Riordan, Felicity Kelliher, Patrick C. Flood, Malcolm Higgs, 2019-03-07 Encompassing interviews with managing directors and CEOs this book explores the role of business outsiders as leaders Viewing the term outsider in a broad sense the book considers leader background perspective gender training and family membership and examines the implications challenges and benefits brought by outsider leaders to their respective business environments The authors explore questions and themes such as how outsider leaders can enrich an organisation the importance of relationships and adopting a hybrid approach illuminated by interviewee perspectives Introducing discussion and analysis through these narratives *Outsider Leadership* distils commonalities to frame understanding of their experiences      *Working Mother* ,2007-06 The magazine that helps career moms balance their personal and professional lives      *Working Mother* ,2007-06 The magazine that helps career moms balance their personal and professional lives      *The Future of Religious Leadership* Alon Goshen-Gottstein, 2018-08-08 The chapters collected in this book prepared by a think tank of the Elijah Interfaith Academy address the subject of religious leadership The subject is of broad relevance in the training of religious leaders and in the practice of religious leadership As such it is also germane to religious thought where reflections on religious leadership occupy an important place What does it mean to be a religious leader in today's world To what degree are the challenges that confront religious leadership today the same perennial challenges that have arrested the attention of the faithful and their leaders for generations and to what degree do we encounter challenges today that are unique to our day and age One dimension is surely unique and that is the very ability to explore these issues from an interreligious perspective and to consider challenges opportunities and strategies across religious traditions Studying the theme across six faith traditions Christianity Islam Judaism Sikhism Hinduism and Buddhism *The Future of Religious Leadership* World Religions in Conversation recognizes the common challenges to present day religious leadership Contributors Awet Andemicael Timothy J Gianotti Alon Goshen Gottstein Anantanand Rambachan Maria Reis Habito Meir Sender Balwant Singh Dhillon Miroslav Volf

**Paths to Power** Anthony J. Mayo, Nitin Nohria, Laura G. Singleton, 2006 Traces changes in the demographic composition of American business leadership Through statistical analysis of their large leadership database and biographical sketches of individuals who rose to the top of corporate America this book reveals mechanisms of advancement It is intended for scholars practitioners and journals      **HBS Alumni Bulletin** ,2010      [Mapping the Elite](#) Surinder S. Jodhka, Jules Naudet, 2019-05-15 India is being widely seen as an emerging economic and political power on the global scene Despite having the largest population of chronically poor in the world today it is home to a sizeable number of thriving rich and flourishing middle classes They are reshaping the country's popular image and its self imagination Equally important are its political dynamics With increasing participation of erstwhile marginalized sections in the electoral process the social profile

of India's political elite has been changing making way for those coming from the middle and lower strata of the traditional social order thus broadening the social base of political power Mapping the Elite seeks to expand the understanding of processes of formations and transformations of the Indian elite The contributors explore the emergent elite spaces the new idioms of power and inequality the diverse strategies in which symbolic boundaries of privilege are traced in everyday lives as well as the class mobilities in an age of proclaimed meritocracy They do so by using the sociological frames of caste class gender community and their intersections The Exploring India's Elite series provides a platform to scholars working on elite dynamics in India It seeks to enable an understanding of the nuances of inequality power and other emerging social structures

Mayo, Nitin Nohria, 2005-10-04 Great business leaders possess more than celebrated traits like charisma and an appetite for risk They have contextual intelligence a profound ability to understand the Zeitgeist of their times and harness it to create successful organizations Based on a comprehensive Harvard Business School Leadership Initiative study Anthony J Mayo and Nitin Nohria present a fascinating collection of stories of the 20th century's greatest leaders from unsung heroes to legends like Sam Walton and Bill Gates The book identifies three distinct paths these individuals followed to greatness entrepreneurial innovation savvy management and transformational leadership Through engaging stories of leaders in each category the authors show how by reading the context they operated in and embracing the opportunities their times presented these individuals created grew or revitalized outstanding American enterprises A canon of leadership success from the last century In Their Time reveals insights for contemporary leaders hoping to build lasting legacies *View From the Top* D. Michael Lindsay, M. G. Hager, 2014-04-18 Learn leadership from the best proven insights from the power elite in business government and beyond View from the Top brings readers inside the corridors of power and relates the personal stories and powerful findings from the Platinum Study a groundbreaking study of 550 elite American CEOs senior government leaders and nonprofit executives based on ten years of research The largest study of its kind the Platinum Study delves into the domains of the elite with stories that illustrate both the use and misuse of power across the landscape of prominent American institutions such as AT T Harvard University Under Armour JP Morgan Chase Bain Company and the

White House The book explores not only how leaders wield power but it also provides readers with insight into applying the strategies of the successful in their own lives In the United States only a few thousand individuals make the decisions that influence the lives of over 300 million people Whether in the government business higher education or the arts these individuals direct policy and set the terms of national debates yet remain virtually unknown View from the Top explores the real lives of the elite and the social worlds they inhabit revealing lessons about influence at the top and the seven principles that shape those in power The results of the Platinum Study include unexpected truths such as Being born into wealth is a poor predictor of leadership success One program can set you on the path to leadership It doesn't matter what college you attend A leader's best work never sees the light of day Time-crushed executives are better situated than most to manage their family lives Crisis is the quickest way for a leader to shape an institution Working longer does not mean working better The book examines the different paths to power and describes the essence of leadership and the fundamental traits that distinguish a leader from the pack For anyone seeking to sharpen their leadership skills and impact the world around them View from the Top An Inside Look at How People in Power See and Shape the World provides the roadmap to taking charge and inspiring change American Business Leaders Frank William Taussig, Carl Smith Joslyn, 2012-06-01
