**Paul and His Social Relations** Stanley E. Porter, Christopher D. Land, 2012-11-13 This volume addresses many of the questions surrounding Paul and his social relations including how to define and analyze such relations their relationship to Paul's historical and social context how Paul related to numerous friends and foes and the implications for understanding Paul's letters as well as his theology

**Paul and the Conflict of Cultures** E. A. Judge, 2019-10-09 The catastrophes of the twentieth century have decisively broken the grip of Aristotle's fixed universe on our minds Society is no longer the logical category of statecraft that is to determine our lives The glorious horrors of fascism discredited the survival of the fittest upstaged even by the compulsory class equality of the Soviets Instead we now appeal to culture and mutual communication as we hope to grow together in response to each other The universe itself at last is open ended Particle physics and the genetic code ensure diversity for us all Our individual gifts will reveal our identity and our mission in life We are indeed personally answerable for the choices we make The twenty first century's great leap forward is Jerusalem's long foreshadowed answer to Athens Not logic but experiment has been the mainspring that has unlocked it The transformed life of the apostle Paul in Christ first experienced the developmental prospect that has inspired the cultural reformation of our time

**Partnership in Ministry** Paul H. Byun, 2023-05-16 What type of relationship did New Testament churches have with one another Was it a relationship of conflict and competition Or was it a loose aggregation of individual churches scattered across the Roman Empire Or can it be described as a cohesive partnership for the common cause of the gospel of Christ Most New Testament church activities are recorded in connection with Paul's ministry In this sense the present study started on the premise that close attention to Paul's partnership ministry would offer a richer understanding of New Testament church relationships By exploring some ministry areas such as Paul's coworkers financial assistance and communicative activities this book demonstrates that Paul's churches occasioned and mediated by Paul's partnership ministry were engaged in networking and collaboration far more closely than has generally been assumed not only among themselves but also with non Pauline churches Paul's partnership ministry significantly contributed to the relationship of New Testament churches

**Paul as a Prototype and Entrepreneur of Christian Identity** Vuyani Stanley Sindo, 2024-10-31 In this important addition to Pauline scholarship on 1 Corinthians Dr Vuyani Stanley Sindo brings fresh insight to how Paul's use of the in Christ terminology supports his argument on leadership and community Integrating social identity theory with a socio historical approach Dr Sindo examines how identity discourse is an integral part of the leadership discourse in 1 Corinthians 1-4 From this solid base he provides a close and insightful investigation of the interrelationship between leadership and identity This compelling and biblically rooted work will help Christians to understand the dangers of division within the church and how Christian leaders can overcome these divisions by reminding the community of their common identity in Christ

**Semeia : an Experimental Journal for Biblical Studies** ,1991 An experimental journal for Biblical criticism Paul's Language of Grace in Its Graeco-Roman Context James R. Harrison,2003 James R Harrison argues that the Graeco Roman benefaction context of favour is the backdrop of Paul s understanding of divine and humane grace By the first century AD was the leitmotiv of the Hellenistic reciprocity system It shaped the conventions of giving and receiving throughout the eastern Mediterranean basin Before Paul s converts were exposed to the gospel they would have held various beliefs regarding divine beneficence The apostle needed to tailor his language of grace as much to the theological concerns of Graeco Roman culture as to first century Judaism In making benefaction terminology the touchstone of his theology of grace Paul chose to articulate his understanding of over and against the theological and social beliefs of the Mediterranean city states and the imperial rulers While Paul endorses the reciprocity system he redefines its rationale in the light of the gospel of grace and transforms its social expression in his house churches

**A Former Jew** Love L. Sechrest,2009 Drawing on a Jewish understanding of race in Second Temple Judaism this book describes Pauline Christianity as a nascent ancient racial group

**Paul and the Emergence of Christian Textuality** Margaret Mary Mitchell,2017 The apostle Paul was the inaugurator of early Christian literary culture not only through the writing of his own letters ca 50 62 CE which were to become surprisingly influential once collected and published after his death but also through the successful propagation of a religious logic of mediated epiphanies of Christ on the one hand and of synecdochical hermeneutics of the gospel narrative about Christ on the other He set the precedent that the Christ believing movements were to be rooted in texts and textual interpretation Already in his own letters Paul began a process of ongoing articulation and reinterpretation of the gospel narrative and the various means by which it could be replicated in each new generation and locale This process was to continue through the letters written in his name the Acts of the Apostles and apostolic imitators and expositors in the centuries to come These 15 essays by Margaret M Mitchell are accompanied by an introduction that lays out thirteen propositions for the development of early Christian literary culture from its inception in the astounding claims of Paul the self
