Emotions Online Alan Petersen, 2022-12-30 Digital media have become deeply immersed in our lives heightening both hopes and fears of their affordances. While the internet, mobile phones and social media offer their users many options, they also engender concerns about their manipulations and intrusions. *Emotions Online* explores the visions that shape responses to media and the emotional regimes that govern people's engagements with them. This book critically examines evidence on the role of digital media in emotional life. Offering a sociological perspective and using ideas from science and technology studies and media studies, it explores the dimensions and operations of the online emotional economy. Growing concerns about online harms and abuse, especially to children, Deepfakes and other forms of image-based abuse. The role of hope in shaping online behaviours, Digital well-being and its market, COVID-19's impacts on perceptions of digital media and Big Tech. Growing challenges to centralised control of the internet and the implications for future emotional life. The book breaks new ground in the sociological study of digital media and the emotions. It reveals the dynamics of online emotional regimes, showing how deceptive designs and algorithm-driven technologies serve to attract and engage users. As it argues, digital media rely on the emotional labours of many people, including social media influencers and content moderators who make the internet seem smart. The book provides an invaluable overview of the evidence and debates on the role of digital media in emotional life and guidance for future research, policy and action.

The Wiley Handbook of What Works in Child Maltreatment Louise Dixon, Daniel F. Perkins, Catherine Hamilton-Giachritsis, Leam A. Craig, 2017-06-26 A comprehensive guide to empirically supported approaches for child protection cases. *The Wiley Handbook of What Works in Child Maltreatment* offers clinicians, psychologists, psychiatrists and other professionals an evidence-based approach to best professional practice when working in the area of child protection proceedings and the provision of assessment and intervention services in order to maximize the well-being of young people. It brings together a wealth of knowledge from expert researchers and practitioners who provide a comprehensive overview of contemporary work informing theory, assessment, service provision, rehabilitation and therapeutic interventions for children and families undergoing care proceedings. Coverage includes theoretical perspectives, insights on the prevalence and effects of child neglect and abuse, assessment, children's services and interventions with children, victims and families.

New Perspectives on Gender Based Violence: from Research to Intervention, volume II Shulamit Ramon, Luca Rollè, 2024-04-19 This Research Topic is the second volume of the series *New Perspectives on Gender based Violence from Research to Intervention*. The first volume is available here. Volume I: The European Institute for Gender Equality and the WHO underlined that the Gender based violence (GBV) and the Violence Against Women (VAW) involves principally women but also men, families and the societies in which they live. The GBV and the VAW reinforce the gender inequalities which are steeped in the cultural aspects and gender roles that either support and justify it. The United Nations defines VAW as any act of gender based violence that results

Women Who Sexually Abuse Children Hannah Ford,2006-10-23 Until recently the topic

of female sex offenders remained under researched This book provides a comprehensive overview of female sex offenders who commit sexual offences against children and adolescents It also examines the behaviour of these women and the after effects on both the offender and victim **Pedophilia and Sexual Offending Against Children** Michael C. Seto,2008

Contrary to popular belief not all sex offenders who target children are pedophiles and not all pedophiles commit sexual offenses But what is unequivocal is that pedophilia which is defined as a persistent sexual interest in prepubescent children is an emotionally charged and controversial topic Parents are understandably worried about the safety and well being of their children and want to protect them from being sexually exploited Mental health and criminal justice professionals want to learn more about the assessment methods and intervention techniques that are available to develop and implement effective policies and practices In this book author Michael C Seto addresses key concerns and questions in dealing with these clinical populations How can pedophilia be detected What causes pedophilia and sexual offending against children and what is the relationship between the two How do we assess risk to sexually offend Finally what do we know about intervention and prevention to reduce the occurrence of sexual offenses against children In addition to a comprehensive synthesis of theory and research the author demonstrates how this knowledge informs current treatment practices with the inclusion of illustrative case examples sample interview questions assessment tools and online resources
