Theologies of the Gospel in Context David Schnasa Jacobsen, 2017-08-25 Many preachers and teachers of preaching talk about the gospel few name it *Theologies of the Gospel*

in Context assembles a gifted group of homiletics who think that preachers need to be able to articulate the gospel not in general but in a certain time and place in context They consider what gospel sounds like for people under oppression in capitalist economies in neocolonial contexts for survivors of trauma and for disestablished mainline churches marred by racism Preachers will appreciate these preacher scholars desire to articulate the gospel with clarity especially since the term is so often left unexplained Homiletics will see a new genre of doing their work as teachers and researchers in preaching a vision that helps preaching see itself not just as an adjunct to exegesis or communication but a place of doing theology In these pages homiletics is more than technique it is a truly theological discipline **Economyths of Work, Value, and**
