## **Peaceful Action Open Heart Lessons From The Lotus Sutra:**

**Peaceful Action, Open Heart** Thich Nhat Hanh,2005-01-09 A landmark work by Thich Nhat Hanh this book shines 60 years of study and practice upon one of the crowning scriptures of Buddhism the Lotus Sutra The Lotus Sutra is one of the most revered of Mahayana sacred texts and is sometimes called the king of sutras Despite this fact there are very few commentaries in English available today In Peaceful Action Open Heart Thich Nhat Hanh explores the Sutra s main theme that everyone has the capacity to become a Buddha and that Buddha nature is inherent in everything but he also uniquely emphasizes the sutra s insight that Buddha nature is the basis for peaceful action Since we all will one day become a Buddha he says we can use mindfulness practices right now to understand and find solutions to current world challenges In his interpretation of the sutra he suggests that if the practices views and insights of the Lotus Sutra would find application not only by individuals but also by nations it would offer concrete solutions to transform individual suffering and the global challenges facing the world today Stamped with his signature depth of vision lucidity and clarity Thich Nhat Hanh s insights invoke a wide range of contemporary topics and concerns such as the Palestinian Israeli war the threat of terrorism and the degradation of our environment In proposing radical new ways of finding peaceful solutions to universal contemporary conflicts he not only challenges the United Nations to change from an organization to a real organism working for peace and harmony in the world but also encourages all branches of all governments to act as Sangha In so doing he demonstrates the practical and direct applicability of this sacred text to today s concerns This book has been re released with a new title The earlier hardcover edition was entitled Opening the Heart of the Cosmos

**Opening the Heart of the Cosmos** Thich Nhat Hanh,2003-10-28 Zen Master Thich Nhat Hanh uses the Lotus Sutra one of Mahayana Buddhism s most revered texts to illustrate the Buddha nature inherent in everyone With great passion and clarity he demonstrates how each human being has the capacity to transform their own individual suffering develop compassion and help create more peace in the world Nhat Hanh s insights invoke a wide range of contemporary topics and concerns from war and the threat of terrorism to individual anxiety and the degradation of our environment He proposes a radical new solution to current conflicts encouraging each of us to work on our own mindfulness practice to create greater peace and harmony His accessible analysis of the sacred text demonstrates its practical and direct applicability to today s concerns

**Making Gender in the Intersection of the Human and the Divine** Thomas Donlin-Smith,Muhammad Shafiq,2019-02-07 This collection of essays challenges the traditional patriarchal approach to

sacred literature by highlighting gender parity in sacred texts and envisioning the rise of the matriarchy in the future. The authors redefine Biblical Greek words like malakoi and arsenokoitai used in condemnation of homosexuality and Qur'anic words like darajah and qawwamun used for establishing patriarchy. One author reexamines the role of the Nepalese Teej festival of fasting and worship of the god Shiva in promoting male hegemony in Hinduism. Other papers examine passages like Proverbs 31:1-31, the stories of Sarah and Rahab in the Bible, the role of Mary in the Qur'an, and the Dharmic conversion in chapter 27 of the Lotus Sutra. This book makes it clear that sacred literature is subject to human understanding as it evolves through space and time. Today, as more women are educated and actively engaged in political, economic, and social life, religions are challenged to redefine gender roles and norms.

*Peace Love Yoga* Andrea R. Jain, 2020. Engaging with the growing popular and academic interest in the spiritual but not religious, Andrea R. Jain explores the connections between the practices of global spirituality and aspects of neoliberal capitalism. In *Peace Love Yoga*, Personal growth, self-care, and transformation are all tropes in the narrative of the spiritual identity Jain is concerned with. This spirituality is usually depicted as firmly countercultural; the term alternative, health, alternative medicine, alternative spiritualities is omnipresent. To the contrary, Jain argues, spiritual commodities entrepreneurs and consumers are quite mainstream and sometimes even conservative and nationalistic. Ranging from the transnational to the economic to the activist, Jain refuses the single narrative focus of most works on the SBNR human phenomena that can be analyzed through a single lens or narrative. There are few and far between, and existing research in this area too often yields a suspiciously tidy story. The heart of the book includes sophisticated analyses of two politically divergent but equally entrepreneurial and global capitalist yoga gurus, athleisure apparel corporations such as lululemon, that successfully market consumer goods as a purchased commitment to social justice and therapeutically focused applications of spirituality that concentrate on healing the broken person rather than undermining the system that broke that person in the first place. Many spiritual commodities, corporations, and entrepreneurs, Jain suggests, do actually acknowledge the problems of neoliberal capitalism and in fact subvert them, but they subvert them through mere gestures. From provocative taglines printed across t-shirts or packaging to calls for conscious capitalism, commodification serves as a strategy through which subversion itself is colonized.

*Buddhist Visions of the Good Life for All* Sallie B. King, 2021-05-30. This book highlights what Buddhism has to offer for living well here and now for individuals, society as a whole, all sentient beings, and the planet itself. From the perspectives of a variety of Buddhist thinkers, the book evaluates what a good life is like, what is desirable for human society, and ways in which we should live in and with the natural world. By examining this worldly Buddhist philosophy and movements in India, Sri Lanka, Bhutan, the Tibetan diaspora, Korea, Taiwan, Japan, and the United States, the book assesses what Buddhists offer for the building of a good society. It explores the proposals and programs made by progressive and widely influential lay and monastic thinkers and activists, as well as the works of movement leaders such as Thich Nhat Hanh and Dr. B. R. Ambedkar for the social, economic, political, and

environmental systems in their various countries Demonstrating that Buddhism is not solely a path for the realization of nirvana but also a way of living well here and now this book will be of interest to researchers working on contemporary and modern Buddhism Buddhism and society Asian religion and Engaged Buddhism *A Cruel Theatre of Self-Immolations* Grzegorz Ziółkowski,2020-02-13 A Cruel Theatre of Self Immolations investigates contemporary protest self burnings and their echoes across culture The book provides a conceptual frame for the phenomenon and an annotated comprehensive timeline of suicide protests by fire supplemented with notes on artworks inspired by or devoted to individual cases The core of the publication consists of six case studies of these ultimate acts augmented with analyses and interpretations hailing from the visual arts film theatre architecture and literature By examining responses to these events within an interdisciplinary frame Zi kowski highlights the phenomenon s global reach and creates a broad yet in depth exploration of the problems that most often prompt these self burnings such as religious discrimination and harassment war and its horrors the brutality and indoctrination of authoritarian regimes and the apathy they produce as well as the exploitation of the so called subalterns and their exclusion from mainstream economic systems Of interest to scholars from an array of fields from theatre and performance to visual art to religion and politics A Cruel Theatre of Self Immolations offers a unique look at voluntary demonstrative and radical performances of shock and subversion *Grassroots Activism of Ancient China* Hung-yok Ip,2022-02-24

This book examines Mohism as a movement in early China focusing on the Mohists pursuit of power Fashioning themselves as grassroots activists the Mohists hoped to impact the elite by gaining entry in its community and influencing it from within To create a less violent world they deployed strategies of persuasion and negotiation but did not discard counterviolence in their dealings with the ruling class In executing their activism the Mohists produced knowledge that allowed them to hone their nonviolent strategies as well as to mount armed resistance to aggression In addition the Mohists paid significant attention to the issue of personhood constructing a self cultivation tradition unsparing in its demands for overcoming human conditions that would impede their performance as activists This book situates Mohism in the history of nonviolent activism and in that of negotiation and conflict resolution *The British National Bibliography*
