Peacemaking 2 Volumes From Practice To Theory Praeger Security International:

Peacemaking Susan Allen Nan, Zachariah Cherian Mampilly, Andrea Bartoli, 2011-11-10 In a world where conflict is never ending this thoughtful compilation fosters a new appreciation of the art of peacemaking as it is understood and practiced in a variety of contemporary settings Peacemaking From Practice to Theory is about seeing knowing and learning peacemaking as it exists in the real world Built on the premise that peacemaking is among the most elemental of human experiences this seminal work emphasizes the importance of practice and lived experiences in understanding the process and learning what works to nurture peace To appropriately reflect the diversity of peacemaking practices challenges and innovations these two volumes bring together many authors and viewpoints The first volume consists of two sections Peacemaking in Practice and Towards an Inclusive Peacemaking the second of two additional sections New Directions in Peacemaking and Interpreting Peacemaking As the title states the work moves peacemaking beyond mere theory showcasing peacemaking efforts produced recorded recognized and understood by a variety of individuals and institutions In doing so it refocuses the study of peacemaking and guides readers to a systematic understanding and appreciation of the practices of peacemakers around the globe

Windows of Opportunity Miriam J. Anderson, 2016 In 1915 women from over thirty countries met in The Hague to express opposition to the war and propose ways to end it The delegates called for three things for women to be present at all international peace conferences a women s only peace conference to be convened alongside any official negotiations and the establishment of universal suffrage While these demands went unmet at the time contemporary women s groups continue to seek to participate in peace negotiations and to have language promoting gender equality inserted into all peace agreements In fact between 1989 and 2005 almost half of all peace processes led to agreements with references to women Many of these clauses addressed compensation for wartime gender based violence and guarantees for women s participation in the post conflict transitional period Others included electoral quotas and changes to inheritance legislation Curiously the language used is fairly consistent across agreements and that is because it reflects international women s rights norms rather than more local norms But why is it that if a peace agreement s primary objective is to end conflict some include potentially controversial provisions about gender that might delay or complicate reaching an agreement Why do these provisions echo international norms when we might expect each agreement to reflect varying cultural norms And which factors make it more likely that women s rights will appear in peace agreements Windows of Opportunity answers these questions by looking at peace negotiations in Burundi Macedonia and Northern Ireland It looks at the key actors in negotiations what prompts their mobilization their objectives their strategies how they construct clauses for inclusion in peace agreements how women s roles in the state are impacted in the wake of peace agreements and how these variables increase the likelihood of success for women s movements

Peacemaking, 2012 Peacemaking From Practice to Theory is about seeing knowing and learning peacemaking as it exists in the real world Built on the premise that peacemaking is

among the most elemental of human experiences this seminal work emphasizes the importance of practice and lived experiences in understanding the process and learning what works to nurture peace To appropriately reflect the diversity of peacemaking practices challenges and innovations these two volumes bring together many authors and viewpoints The first volume consists of two sections Peacemaking in Practice and Towards an Inclusive Peacemaking the second of two additional sections New Directions in Peacemaking and Interpreting Peacemaking As the title states the work moves peacemaking beyond mere theory showcasing peacemaking efforts produced recorded recognized and understood by a variety of individuals and institutions In doing so it refocuses the study of peacemaking and guides readers to a systematic understanding and appreciation of the practices of peacemakers around the globe Provided by publisher

Trauma-sensitivity and Peacebuilding Lydia Wanja Gitau, 2017-08-18 This book identifies a gap in peacebuilding theory and practice in terms of sensitivity to trauma and its impact on the survivors of war and other mass violence The research focuses on the traumatic experiences and perceptions of peace of South Sudanese refugees in Kakuma Refugee Camp in Northwestern Kenya It further explores the possibilities for peacebuilding identified in these perceptions A lack of sensitivity to the trauma experienced by the survivors of conflict and mass violence leads to interventions that are at best removed from and at worst detrimental to the welfare of the survivors Interventions that take into consideration the complex and multifaceted ways in which the survivors experience and respond to the traumatic events encourage capacities for resilience in the survivors engage the creative arts in peacebuilding and emphasise the centrality of community and relationships are seen to assist the survivors in recovery from trauma and to facilitate peacebuilding Diverse anecdotes and real life stories from the research participants The journey as a recurring motif throughout the book weaved in a clear easy to read style of writing

Contemporary Peacemaking Roger Mac Ginty, Anthony Wanis-St. John, 2022-01-12 This fully updated third edition of Contemporary Peacemaking is a state of the art overview of peacemaking in relation to contemporary civil wars It examines best and worst practice in relation to peace processes and peace accords The contributing authors are a mix of leading academics and practitioners with expert knowledge of a wide arrays of cases and techniques The book provides a mix of theory and concept building along with insights into ongoing cases of peace processes and post accord peacebuilding The chapters make clear that peacemaking is a dynamic field with new practices in peacemaking techniques changes to the international peace support architecture and greater awareness of key issues such as gender and development after peace accords The book is mindful of the intersection between top down and bottom up approaches to peace and how formal and institutionalized peace accords need to be lived and enacted by communities on the ground
