## **Penal Systems A Comparative Approach:**

**Penal Systems** Michael Cavadino, James Dignan, 2005-10-26 Cavadino and Dignan's *Penal Systems A Comparative Approach* looks across national boundaries to see how penal systems differ and why. It is hands down the most comprehensive and up to date book on the subject and should become a staple textbook for use in law and social science courses on comparative penal policy and practice. Michael H Tonry, University of Minnesota. This book is an important addition to the literature on punishment. It is a highly readable and very well researched overview of some of the major differences in punitiveness between neo liberal corporatist and social democratic countries. This is a major contribution to comparative penology by two of the leading authors in this field. Alison Liebling, Director of the Prisons Research Centre, UK. A major and seminal work. David Downes, Professor Emeritus at the London School of Economics. *Penal Systems A Comparative Approach* is a comprehensive and original introduction to the comparative study of punishment. Analysing twelve countries, Cavadino and Dignan offer an integrated and theoretically rigorous approach to comparative penology. They draw upon material provided by a team of eminent penologists to produce an important and highly readable contribution to scholarship in this area. Early chapters introduce the reader to comparative penology, set out the theoretical framework and consider whether there is currently a global penal crisis. Each country is then discussed in turn. Chapters on comparative youth justice and the privatization of prisons follow. Comparisons between countries are drawn within each chapter, giving the reader a synoptic and truly comparative vision of penality in different jurisdictions.

Prison Chaplains on the Beat in US and UK Prisons George Walters-Sleyon, PhD, 2021-08-10. This book is about prison chaplains and their care for aging, dying and dead prisoners in the penal systems of the United States and the United Kingdom. Since the 18th century, prison chaplains have served as priests and pastoral caregivers to prisoners and prison staff. The book traces the historical roles of prison chaplains in developing the managerial aspects of prisons, focusing on their presence, best practices and ways of conceptualizing their prison experiences in the modern prison cultures of the United States and the United Kingdom. While prison chaplains have historically provided care to prisoners, prison chaplaincy after 1970 has transformed. This book shows how prison chaplains face new challenges in caring for prisoners under the penal policies and practices of mass incarceration. *Prison Chaplains on the Beat* demonstrates how prison chaplains have conceptualized the practice of providing pastoral care to aging, dying and dead prisoners in the United States and the United Kingdom through a person centered approach. The book is both theoretical and empirical. The empirical aspect focuses on the prison experiences of 31 prison chaplains from the United States and Scotland. The theoretical aspect provides a conceptual understanding of the multi faceted roles of prison chaplains in the United States, Scotland and England and Wales. As a research in comparative criminal justice, it argues that prison chaplains are fundamentally indispensable to prison management practices and managerial theories in the United States, Scotland and England and Wales post 1970. Powerfully combines historical and empirical approaches to religion in prisons.

Brings new understanding of the pastoral and prophetic roles of prison chaplains and launches a searing ethical critique of mass incarceration The comparisons between the United States and Britain are instructive for current and future prison policy in both locations Dr David Grumett School of Divinity University of Edinburgh UK George Walters Sleyon s Prison Chaplains on the Beat offers a new perspective on the predicaments of contemporary penal politics and practices especially their racialized harms Chaplains are both observers of and participants in the contemporary prison scene and their perspective is a special but hitherto under reported one By reconsidering our carceral condition through this lens Walters Sleyon illuminatingly re states the moral and political challenges of mass incarceration Dr Richard Sparks School of Law University of Edinburgh UK
