Give and Take Nitsan Chorev, 2019-12-10
Give and Take looks at local drug manufacturing in Kenya, Tanzania, and Uganda from the early 1980s to the present to understand the impact of foreign aid on industrial development. While foreign aid has been attacked by critics as wasteful, counterproductive, or exploitative, Nitsan Chorev makes a clear case for the effectiveness of what she terms developmental foreign aid. Against the backdrop of Africa's pursuit of economic self-sufficiency, the battle against AIDS and malaria, and bitter negotiations over affordable drugs, Chorev offers an important corrective to popular views on foreign aid and development. She shows that when foreign aid has provided markets, monitoring, and mentoring, it has supported the emergence and upgrading of local production. In instances where donors were willing to procure local drugs, they created new markets that gave local entrepreneurs an incentive to produce new types of drugs. In turn, when donors enforced exacting standards as a condition to access those markets, they gave these producers an incentive to improve quality standards. And where technical know-how was not readily available, and donors provided

mentoring local producers received the guidance necessary for improving production processes Without losing sight of domestic political economic conditions historical legacies and foreign aid s own internal contradictions Give and Take presents groundbreaking insights into the conditions under which foreign aid can be effective Extracellular Matrix Proteins—Advances in Research and Application: 2012 Edition ,2012-12-26 Extracellular Matrix Proteins Advances in Research and Application 2012 Edition is a ScholarlyEditions eBook that delivers timely authoritative and comprehensive information about Extracellular Matrix Proteins The editors have built Extracellular Matrix Proteins Advances in Research and Application 2012 Edition on the vast information databases of ScholarlyNews You can expect the information about Extracellular Matrix Proteins in this eBook to be deeper than what you can access anywhere else as well as consistently reliable authoritative informed and relevant The content of Extracellular Matrix Proteins Advances in Research and Application 2012 Edition has been produced by the world s leading scientists engineers analysts research institutions and companies All of the content is from peer reviewed sources and all of it is written assembled and edited by the editors at ScholarlyEditions and available exclusively from us You now have a source you can cite with authority confidence and credibility More information is available at <http://www.ScholarlyEditions.com> Issues in Physiology, Cell Biology, and Molecular Medicine: 2011 Edition ,2012-01-09 Issues in Physiology Cell Biology and Molecular Medicine 2011 Edition is a ScholarlyEditions eBook that delivers timely authoritative and comprehensive information about Physiology Cell Biology and Molecular Medicine The editors have built Issues in Physiology Cell Biology and Molecular Medicine 2011 Edition on the vast information databases of ScholarlyNews You can expect the information about Physiology Cell Biology and Molecular Medicine in this eBook to be deeper than what you can access anywhere else as well as consistently reliable authoritative informed and relevant The content of Issues in Physiology Cell Biology and Molecular Medicine 2011 Edition has been produced by the world s leading scientists engineers analysts research institutions and companies All of the content is from peer reviewed sources and all of it is written assembled and edited by the editors at ScholarlyEditions and available exclusively from us You now have a source you can cite with authority confidence and credibility More information is available at <http://www.ScholarlyEditions.com> Saiwa ,1988 **Research Methods for Cereal/legume Intercropping** S.
