Beyer and many of his students have followed Dan Brown's work ever since and four years ago Beyer began to anticipate and delve into the facts that would be the core of *The Lost Symbol*. Like millions of other expectant readers he purchased a copy of the novel on its publication date September 15, 2009. He read and analyzed it several times and at the urging of his publisher focused on writing this handy reader friendly companion guide to *The Lost Symbol* in which he elaborates on 33 key topics and identifies 133 Internet links for even further exploration. The topics organized by theme in seven sections follow the plot of the story and cover the setting in Washington D.C., art and architecture, cryptology, Freemasonry, secret teachings, science and people and places in the novel highlighted with 33 helpful illustrations.
