Death in American Texts and Performances Dr Lisa K Perdigao, Dr Mark Pizzato, 2013-04-28 How do twentieth and twenty first century artists bring forth the powerful reality of death when it exists in memory and lived experience as something that happens only to others Death in American Texts and Performances takes up this question to explore the modern and postmodern aesthetics of death Working between and across genres the contributors examine literary texts and performance media including Robert Lowell s For the Union Dead Luis Valdez Dark Root of a Scream Amiri Baraka s Dutchman Thornton Wilder s Our Town John Edgar Wideman s The Cattle Killing Toni Morrison s Sula and Song of Solomon Don DeLillo s White Noise and Falling Man and HBO s Six Feet Under As the contributors struggle to convey the artist s crisis of representation they often locate the dilemma in the gap between artifice and nature where loss is performed and where remembering is sometimes literally reenacted through the bodily gesture While artists confront the impossibility of total recovery or transformation so must the

contributors explore the gulf between real corpses and their literary or performative reconstructions Ultimately the volume shows both artist and critic grappling with the dilemma of showing how the aesthetics of death as absence is made meaningful in and by language

Albee and Influence, 2021-03-01 Albee and Influence is the fourth volume in the series New Directions in Edward Albee Studies sponsored by the Edward Albee Society The volume contains essays written by leading Albee scholars that focus on literary and philosophical influences on Edward Albee's plays as well as essays on writers and works that Albee influenced Essays focus on Albee's relationship with such major American playwrights as Thornton Wilder Amiri Baraka Sam Shepard Lanford Wilson and John Guare There are also contributions on Albee's work as mentor to young playwrights The volume also includes an interview with award winning director Pam McKinnon

The Death and Life of Main Street Miles Orvell, 2012-10-01 For more than a century the term Main Street has conjured up nostalgic images of American small town life Representations exist all around us from fiction and film to the architecture of shopping malls and Disneyland All the while the nation has become increasingly diverse exposing tensions within this ideal In *The Death and Life of Main Street* Miles Orvell wrestles with the mythic allure of the small town in all its forms illustrating how Americans continue to reinscribe these images on real places in order to forge consensus about inclusion and civic identity especially in times of crisis Orvell underscores the fact that Main Street was never what it seemed it has always been much more complex than it appears as he shows in his discussions of figures like Sinclair Lewis Willa Cather Frank Capra Thornton Wilder Margaret Bourke White and Walker Evans He argues that translating the overly tidy cultural metaphor into real spaces as has been done in recent decades especially in the new urbanist planned communities of Elizabeth Plater Zzyberk and Andres Duany actually diminishes the communitarian ideals at the center of this nostalgic construct Orvell investigates the way these tensions play out in a variety of cultural realms and explores the rise of literary and artistic traditions that deliberately challenge the tropes and assumptions of small town ideology and life

Intertextuality in American Drama Drew Eisenhauer, Brenda Murphy, 2012-12-10 The new essays in this collection on such diverse writers as Eugene O'Neill Susan Glaspell Thornton Wilder Arthur Miller Maurine Dallas Watkins Sophie Treadwell and Washington Irving fill an important conceptual gap The

essayists offer numerous approaches to intertextuality the influence of the poetry of romanticism and Shakespeare and of histories and novels ideological and political discourses on American playwrights unlikely connections between such writers as Miller and Wilder the problems of intertexts in translation the evolution in historical and performance contexts of the same tale and the relationships among feminism the drama of the courtroom and the drama of the stage Intertextuality has been an under explored area in studies of dramatic and performance texts The innovative findings of these scholars testify to the continuing vitality of research in American drama and performance
