The Development of Milton's Thought John T. Shawcross, 2008 With this pioneering book John T. Shawcross debunks a common assumption about what we see in Milton's work that Milton's views remained unchanged over time Shawcross systematically analyzes this belief in light of Milton's vocation social life politics and religion and presents us with a Milton who indeed changes his mind The one constant in Milton's writing and thought is that of faith in God but the theology that underlies this unchanging faith such as his views on the Trinity and God's providence develops through reflection and adverse experience often yielding more defined ideas Shawcross also traces the development of Milton's concepts about political thought attitudes toward the church financial matters the people and gender some of which result in complicated and often unresolved issues Shawcross's presentation of a Milton whose thought does indeed develop and change albeit with an unbending belief that faith and God supervene is an essential contribution to Milton scholarship
