Lauren Gardner

Paris Street Style A Guide To Effortless Chic:

Paris, Capital of Fashion Valerie Steele, 2019-09-05 Paris Capital of Fashion accompanies a major exhibition at The Museum at FIT New York's only museum dedicated solely to the art of fashion. This lavishly illustrated book is edited by MFIT's director and chief curator Valerie Steele, also the author of the acclaimed *Paris Fashion: A Cultural History*. This new book opens with an important essay on how and why Paris became famous as the international capital of fashion. Steele traces how the mythic aura of Paris fashion was constructed over generations as the splendour of the court at Versailles came to be echoed by the spectacle of the haute couture. Yet Paris has faced repeated challenges from other fashion capitals, especially London, Milan, and New York. Essays by Christopher Breward, David Gilbert, Grazia d'Annunzio, and Antonia Finnane place Paris within a broader global narrative, while Sophie Kurkdjian investigates the cultural value of the Parisian couture and Agnès Rocamora explores the online imagery of the chic Parisienne. As *The New Yorker* recently put it, Paris is the most glamorous and competitive of the world's fashion capitals. No other city has been branded Fashion as Paris has. By opening the study of Paris fashion to new approaches, this book explains why Paris still retains its position as the world's undisputed fashion capital.

Soft Power beyond the Nation Sylvia Dummer Scheel, Charlotte Faucher, Camila Gatica Mizala, 2024-11-01 An innovative interdisciplinary perspective on soft power in history, moving beyond the framework of the nation-state. Starting in the nineteenth century, as world events became more interconnected than ever and as public opinion began to weigh on democratic governments, nations employed new communication strategies and propaganda to gain global influence and prestige. Soft power strategies were used by different nation-states and by supranational and nonstate actors that wanted to gain influence on the international stage. *Soft Power Beyond the Nation* takes a distinct approach to the study of soft power in history, moving beyond the framework of the nation-state. The volume editors use soft power to refer to the processes through which persuasion, the search for influence and power, and public opinion converge in the international arena. The book is organized on the basis of three central themes: the transnational circulation of knowledge and strategies of public diplomacy across borders; collaboration of intermediary actors of soft power whose interests did not always coincide with those of the state; and the role played by nonnational identities such as gender and race in soft power. *Soft Power Beyond the Nation* enriches the historiographical study of soft power, broadening its temporal and spatial scope and refreshing it with new perspectives on transnationalism, gender, and race. This book will be of interest to scholars and students of history and international relations.

Paris Street Style Isabelle Thomas, 2013-03-26 Cultivate your own Paris street style with advice from more than 25 French fashion insiders.

Street Style in America Jennifer Grayer Moore, 2017-08-18 A comprehensive resource that will prove invaluable to fashion historians, this book presents a detailed exploration of the breadth of visually arresting, consumer-driven styles that have emerged in America since the 20th century. What are the origins of highly specific denim fashions such as bell bottoms, skinny jeans, and ripped jeans? How do mass media and popular culture influence today's

street fashion When did American fashion sensibilities shift from conformity as an ideal to youth oriented standards where clothing could boldly express independence and self expression Street Style in America An Exploration addresses questions like these and many others related to the historical and sociocultural context of street style supplying both A Z entries that document specific American street styles and illustrations with accompanying commentary This book provides a detailed analysis of American street and subcultural styles from the earliest example reaching back to the early 20th century to contemporary times It reviews all aspects of dress that were part of a look considering variations over time and connecting these innovations to fashionable dress practices that emerged in the wakes of these sartorial rebellions The text presents detailed examinations of specific dress styles and also interrogates the manifold meanings of dress practices that break from the mainstream This book is a comprehensive resource that will prove invaluable to fashion historians and provide fascinating reading for students and general audiences *Charlotte Gainsbourg* Felicity Chaplin, 2020-10-27

Actress singer indie icon and embodiment of Parisian cool Charlotte Gainsbourg is one of the most intriguing yet understated stars of our time This book the first detailed study of Gainsbourg charts the trajectory of her star persona across four decades from her early work with her father and ground breaking collaboration with Claude Miller to her more recent collaborations with Lars von Trier and music producers like Beck and Air The book combines textual analysis of performance costume place characterisation and narrative with archival research and extra cinematic materials to interrogate the construction of Gainsbourg s persona As well as providing a comprehensive overview of her career to date it examines her circulation in a transnational context and across a range of media platforms exploring notions of gender beauty and nationality in relation to her embodiment of femininity Frenchness and transnationality **Delft Blue to Denim Blue** Anneke Smelik, 2017-04-06

Contemporary fashion in the Netherlands shows a unique mix of playful individualism conceptual strength and organisational innovation Delft Blue to Denim Blue maps the landscape of Dutch fashion in all its rich variety and complexity Luxuriously illustrated in colour the book uncovers the cultural roots of Dutch fashion in a globalized context The authors debunk myths surrounding Dutch fashion dig up new facts and stories and explore the creative relation of fashion design to cultural heritage Written by experts in the field Delft Blue to Denim Blue gives a rich overview of designers ranging from G Star jeans and affordable retailer C A to a savvy brand like Vanilia and from the famous designer duo Viktor Rolf to a futuristic designer like Iris van Herpen The book assesses the diversity of Dutch fashion designers firms and brands in their historical and cultural contexts *La Parisienne in cinema* Felicity Chaplin, 2017-07-21 Chic sophisticated seductive and enigmatic the Parisienne possesses a je ne sais quoi that makes her difficult to define But who or what is the Parisienne and how is she depicted in cinema The first book length study on the subject combines scholarship in the fields of art history literature and fashion to enrich our understanding of this intriguing cinematic figure simultaneously offering new perspectives on film Accessible and wide ranging it will be of immediate interest to students and researchers working in film studies French
