 more internet users having access to more websites than ever before it is extremely important to having a password journal
 Using the same password for all the sites is extremely dangerous If a hacker can figure out your password they can literally
 get into every account you have instantly Many websites now require users to change their password every few weeks for
 security That means if you currently access a few dozen websites each month the passwords are changing Trying to
 remember all the new passwords is time consuming By having all the passwords in one place you can turn to protect all your

information and gives you access to the passwords in an instant **Boys Password Book For Boys** , LLC,2016-08-25 This Password Book for Boys is specifically designed to help those who have trouble remembering all those complicated algorithms and password symbols and capital letter usernames This book is specifically designed to help you discreetly keep all of your passwords and usernames organized alphabetically with specific spots on each page for the username and password as well as any other pertinent information that may be required for the specific website or social media platform These handy little notebooks are also extremely discrete with artistically designed covers that give absolutely no indication whatsoever that they contain important information like passwords they will simply look like just another address book or journal or personal notebook being carried in your pocket or purse but will be a lifesaver The next time you want to log into your favorite shopping website Plenty of room to record password changes security questions and notesExtra pages to record information about your home network configuration Internet Service Provider and other notes and in alphabetical order Store Websites usernames and passwordsCredit Card InformationHome Network InformationWiFi Password and Network IDGuest WiFi Password and Network IDSoftware License KeysNotesAnd More Features Alphabetically organized pagesDiscreet cover design150 pages Spacious 5 5x8 5This book is proudly Made in the USA **Boys Password Book For Boys**, LLC,2016-08-11 This Password Book for Boys is specifically designed to help those who have trouble remembering all those complicated algorithms and password symbols and capital letter usernames This book is specifically designed to help you discreetly keep all of your passwords and usernames organized alphabetically with specific spots on each page for the username and password as well as any other pertinent information that may be required for the specific website or social media platform These handy little notebooks are also extremely discrete with artistically designed covers that give absolutely no indication whatsoever that they contain important information like passwords they will simply look like just another address book or journal or personal notebook being carried in your pocket or purse but will be a lifesaver The next time you want to log into your favorite shopping website Plenty of room to record password changes security questions and notesExtra pages to record information about your home network configuration Internet Service Provider and other notes and in alphabetical order Store Websites usernames and passwordsCredit Card InformationHome Network InformationWiFi Password and Network IDGuest WiFi Password and Network IDSoftware License KeysNotesAnd More Features Alphabetically organized pagesDiscreet cover design150 pages Spacious 5 5x8 5This book is proudly Made in the USA
