McKenzie, 2010-02-01 In this lively and accessible book Alyce McKenzie explores how fiction writers approach the task of writing novels how they develop their ideas where they find their inspiration and how they turn the spark of a creative notion into words on paper that will captivate the masses McKenzie s study shows how preachers can use the same techniques to enhance their own creativity and to turn their ideas into powerful well crafted sermons Novel Preaching offers a wealth of advice from successful fiction writers including Isabelle Allende Frederick Buechner Julia Cameron Annie Dillard Natalie Goldberg Stephen King Toni Morrison Joyce Carol Oates and Melanie Rae Thorn and also includes a number of sample sermons from McKenzie herself **Organic Homiletic** Richard Hee-Chun Park, 2006 Organic form theory of Romanticism helps writers artists and preachers free themselves from potentially limiting norms and rules of form Organic Homiletic Samuel T Coleridge Henry G Davis and the New Homiletic will inspire preachers to express their individual voices and create their own authentic forms by offering preachers innovative methods to creatively imitate blend and mix a wide variety of sermon forms The book is a motivator for preachers to intuitively discover sermon content in the rhetorical context of a given preaching situation and to develop that content utilizing organic form in the process of sermon preparation Organic Homiletic is a must read for seminarians experienced preachers creative writers and artists all those who seek to be fresh authentic creative liberated and organic Protestantism in America Randall Balmer, 2005-11-18 As America has become more pluralistic Protestantism with its long roots in American history and culture has hardly remained static This finely crafted portrait of a remarkably complex group of Christian denominations describes Protestantism s history constituent subgroups and their activities and the way in which its dialectic with American culture has shaped such facets of the wider society as healthcare welfare labor relations gender roles and political discourse Part I provides an introduction to the religion s essential beliefs a brief history and a taxonomy of its primary American varieties Part II shows the diversity of the tradition with vivid accounts of life and worship in a variety of mainline and evangelical churches Part III explores the vexed relationship Protestantism maintains with critical social issues including homosexuality feminism and social justice The appendices include biographical sketches of notable Protestant leaders a chronology a glossary and an annotated list of
