Online Zen Unspeakable God Comparative Interpretations:

Zen and the Unspeakable God Jason N. Blum, 2015-09-21 Zen and the Unspeakable God reevaluates how we study mystical experience Forsaking the prescriptive epistemological box that has constrained the conversation for decades ensuring that methodology has overshadowed subject matter Jason Blum proposes a new interpretive approach one that begins with a mystic's own beliefs about the nature of mystical experience Blum brings this approach to bear on the experiential accounts of three mystical exemplars Meister Eckhart Ibn al Arabi and Hui neng Through close readings of their texts he uncovers the mystics own fundamental assumptions about transcendence and harnesses these as interpretive guides to their experiences The predominant theory first path to interpretation has led to the misunderstanding and misrepresentation of individual mystical experiences and fostered specious conclusions about cross cultural comparability among them Blum's hermeneutic invites the scholarly community to begin thinking about mystical experience in a new way through the mystics eyes Zen and the Unspeakable God offers a sampling of the provocative results of this technique and an explanation of its implications for theories of consciousness and our contemporary understanding of the nature of mystical experience

Tetsugaku Companion to Ueda Shizuteru Ralf Müller, Raquel Bouso, Adam Loughnane, 2022-11-11 This book presents the first collection of essays on the philosophy of Ueda Shizuteru in a Western language Ueda the last living member of the Kyoto school has fostered the East West dialogue in all his works and has helped to open up the Western image of philosophy by engaging the Zen tradition The book reflects this particular trait of Ueda's philosophy but it also covers all thematic fields of his writings Contributions from both young and established scholars and experts from Japan Europe and the U S make this a unique introduction to and reception of Ueda's philosophy Readers will discover discussions of mysticism in the East and West and consideration of modern philosophy topics including self awareness nature and poetic language The book also presents a focussed look at language and nothingness considering silence and nihilism Chapters allow the reader to understand the timeliness of a thinking that mediates and transcends the dichotomy of East and West This volume will appeal not only to scholars of Nishida Japanese philosophy mysticism and religious experience in Japan but also to scholars of Western philosophy especially those interested in Meister Eckhart Martin Heidegger and Martin Buber It makes an ideal introduction to Zen philosophy and presents important contributions to scholarship on language and experience

Religious Studies and the Goal of Interdisciplinarity Brent Smith, 2019-08-19 This book offers a survey of the development of interdisciplinarity in religious studies within academia and offers ways for it to continue to progress in contemporary universities It examines the use of the term interdisciplinary in the context of the academic study of religion and how it shapes the way scholarly work in this field has developed The text uses two main elements to discuss religious studies as a field Firstly it looks at the history of the development of religious studies in academia as seen through an interdisciplinary critique of the university as an epistemological project It then uses the same interdisciplinary critique to

develop a foundation for a 21st century hermeneutic one which uses the classical concepts reprised by that interdisciplinary critique and retools the field for the 21st century Setting out both the objects of religious studies as a subject and the techniques used to employ the study of those objects this book offers an invaluable perspective on the progress of the field It will therefore be of great use to scholars of research methods within religious studies The Only Alternative Alan Nelson, John Malkin, 2008-06-15 The radical message of Jesus is that there is only one alternative to the common method of confronting violence with more violence The Only Alternative Christian Nonviolent Peacemakers in America explores the spiritually active practice of compassionate nonviolence Here is a journey through the lives of seven courageous American peacemakers who have embodied Christian nonviolence and dedicated their lives to addressing the suffering caused by racial discrimination slavery poverty militarism nuclear weapons prisons environmental degradation and the psychology of fear and hatred Here are highlights from the inspirational ideas and actions of Martin Luther King Jr Dorothy Day Thomas Merton Rufus Jones Thomas Kelly Jim Douglass and Kathy Kelly They remind us that to be Christian is to use the power of love to transform spiritual economic and social violence The great turning from violence to nonviolence is the story of Christianity in America There has never been a more urgent time for this revolutionary teaching to be heard understood and lived It is no longer a choice my friends between violence and nonviolence It is either nonviolence or nonexistence Martin Luther King Jr Human beings are now facing the stark choice between survival and destruction amid myriad forms of violence The nonviolent peacemakers within this book can inspire the peacemaker within each of us to cultivate a direct relationship with God and love through contemplation meditation writing and compassionate action based in the life and teachings of Jesus
