Pearson Online Textbooks:

The College Textbook Publishing Industry in the U.S. 2000-2022 Albert N. Greco, 2023-05-17 This book explores the college textbook publishing industry from its inception in medieval universities through the late 20th century to the present day which has led to an existential crisis for some publishers The various sections in this book offers a comprehensive analysis of the substantive developments problems and concerns about a myriad of major issues that confronted the higher education textbook sector after 2000 Chapters incorporate highly reliable textbook statistical sources as well as a review of some marketing theories utilized by these publishers e g understanding the threat of substitute products the sale of used and rental texts the sale of new digital textbooks **ICEL2012- 7th International Conference on E-Learning** Paul Lam, 2011 **Commercialising Public Schooling** Anna Hogan, 2025-05-09 This book delves into the pervasive commercialisation of public schooling tracing its roots and examining its current manifestations From the evolution of textbook publishing to the digital transformation led by global edu businesses it sheds light on how commercial interests have reshaped education policy curriculum design and teaching practices worldwide Through a series of in depth case studies this book explores the intensification of commercial influences in schools It examines the historical rise of education corporatisation the integration of commercial curriculum resources in classrooms and the ethical dilemmas posed by public school sponsorship The work also analyses teachers agency in navigating prescriptive curriculum materials the impacts of EdTech during the pandemic and addresses how public schools themselves have become market players branding and monetising their operations Drawing on Australian and international contexts this book highlights the complex interplay between commercialisation teacher professionalism and equitable education access A must read for educators policymakers and researchers this book provides insights into the implications of school commercialisation It offers practical strategies to navigate this landscape while advocating for reforms that prioritise educational integrity over profit ensuring that public schools remain spaces of equitable and holistic learning [The Pearson General Knowledge Manual 2010 \(New Edition\)](#) Thorpe, 2010 An Updated and Revised Edition of the Most Popular General Knowledge Manual *Education Networks* Joel Spring, 2012-03-22 Education Networks is a critical analysis of the emerging intersection among the global power elite information and communication technology and schools Joel Spring documents and examines the economic and political interests and forces including elite networks the for profit education industry data managers and professional educators that are pushing the use of ICT for online instruction test preparation and tutoring data management instructional software packages and more and looks closely at the impact this is having on schools students and learning Making a distinction between mind as socially constructed and brain as a physiological entity Spring draws on recent findings from comparative psychology on the possible effects of ICT on the social construction of the minds of students and school managers and from neuroscience regarding its effect on students brains Throughout the influence of elite networks and powerful interest groups

is linked to what is happening to children in classrooms In conclusion Spring offers bold suggestions to change the course of the looming technological triumph of ICT in the brave new world of schooling

Course Corrections, 2005

Strategic Management John A. Pearce, Richard Braden Robinson, 2003 Contemporary research in strategic management with an emphasis on conceptual tools and skills created by scholars and practitioners in the field are evident throughout this 11 chapter book Pearce and Robinson s Strategic Management retains its high level of academic credibility and its market leading emphasis on Strategic Practice It continues to have strong support from longtime adopters and growing support in schools with a desire to provide straightforward treatment of strategic management with a practical systematic approach The 8th edition will continue its strategic alliance with Business Week which will be seen in cases illustration capsules and woven into the text The text and cases will include numerous Business Week short cases and a wide assortment of traditional longer strategic management cases Pearce and Robinson will continue to use a unique pedagogical model created by the authors to provide logic and structure to its treatment of strategic management which in turn makes the material more easily organized by the instructor and learned by the student

Teaching and Learning History Online Stephen K. Stein, Maureen MacLeod, 2023-04-17 Teaching and Learning History Online A Guide for College Instructors offers everything a new online history instructor needs

in one package including how to structure courses integrate multimedia and manage and grade discussions as well as advice for department chairs on curriculum management student advising and more In today s technological society online courses are quickly becoming the new normal in terms of collegiate instruction providing the ideal environment to flip the classroom and encourage students to hone critical thinking skills by engaging deeply with historical sources While much of the attention in online teaching focuses on STEM business and education courses online history courses have also proven consistently popular However due to the COVID 19 pandemic new history instructors are rushed into online teaching with little or no training or experience creating a need for a guide to ease the transition from classroom to online course development and teaching A timely text this book aims to provide both new and experienced college history teachers the information they need to develop dynamic online courses
