eleven volumes of this edition contain all save one of the dramas which Henrik Ibsen himself admitted to the canon of his works The one exception is his earliest and very immature tragedy *Catilina* first published in 1850 and republished in 1875 This play is interesting in the light reflected from the poet's later achievements but has little or no inherent value A great part of its interest lies in the very crudities of its style which it would be a thankless task to reproduce in translation Moreover the poet impaired even its biographical value by largely rewriting it before its republication He did not make it or attempt to make it a better play but he in some measure corrected its juvenility of expression Which version then should a translator choose To go back to the original would seem a deliberate disregard of the poet's wishes while on the other hand the retouched version is clearly of far inferior interest It seemed advisable therefore to leave the play alone so far as this edition was concerned Still more clearly did it appear unnecessary to include *The Warrior's Barrow* and *Olaf Liliekrans* two early plays which were never admitted to any edition prepared by the poet himself They were included in a Supplementary Volume of the Norwegian collected edition issued in 1902 when Ibsen's life work was over They have even less intrinsic value than *Catilina* and ought certainly to be kept apart from the works by which he desired to be remembered A fourth youthful production *St John's Night* remains to this day in manuscript Not even German piety has dragged it to light With two exceptions the plays appear in their chronological order The exceptions are *Love's Comedy* which ought by rights to come between *The Vikings* and *The Pretenders* and *Emperor and Galilean* which ought to follow *The League of Youth* instead of preceding it The reasons of convenience which prompted these departures from the exact order are pretty obvious It seemed highly desirable to bring the two *Saga Plays* if I may so call them into one volume while as for *Emperor and Galilean* it could not have been placed between *The League of Youth* and *Pillars of Society* save by separating its two parts and assigning *Caesar's Apostasy* to Volume V *The Emperor Julian* to Volume VI For the translations of all the plays in this edition except *Love's Comedy* and *Brand* I am ultimately responsible in the sense that I have exercised an unrestricted right of revision This means of course that in plays originally translated by others the merits of the English version belong for the most part to the original translator while the faults may have been introduced and must have been sanctioned by me The revision whether fortunate or otherwise has in all cases been very thorough In their unrevised form these translations have met with a good deal of praise and with some blame I trust that the revision has rendered them more praiseworthy but I can scarcely hope that it has met all the objections of those critics who have found them blameworthy For in some cases at any rate these objections proceeded from theories of the translator's function widely divergent from my own theories of which nothing probably could disabuse the critic's mind save a little experience of the difficulties of translating as distinct from adapting dramatic prose Ibsen is at once extremely easy and extremely difficult to translate It is extremely easy in his prose plays to realise his meaning it is often extremely difficult to convey it in natural colloquial and yet not too colloquial English He is especially fond of laying barbed wire entanglements for the translator's feet in the shape of recurrent phrases for which it is

absolutely impossible to find an equivalent that will fit in all the different contexts But this is only one of many classes of obstacles which encountered us on almost every page I think indeed that my collaborators and I may take it as no small compliment that some of our critics have apparently not realised the difficulties of our task or divined the laborious hours which have often gone to the turning of a single phrase And in not a few cases the difficulties have proved sheer impossibilities I will cite only one instance Writing of The Master Builder a very competent and indeed generous critic finds in it a curious example of perhaps inevitable inadequacy Duty Duty Duty Hilda once exclaims in a scornful outburst What a short sharp stinging word The epithets do not seem specially apt But in the original she cries out Pligt Pligt Pligt and the very word stings and snaps I submit that in this criticism there is one superfluous word to wit the perhaps which qualifies inevitable For the term used by Hilda and for the idea in her mind there is only one possible English equivalent Duty The actress can speak it so as more or less to justify Hilda s feeling towards it and for the rest the audience must piece out our imperfections with their thoughts and assume that the Norwegian word has rather more of a sting in its sound It might be possible no doubt to adapt Hilda s phrase to the English word and say It sounds like the swish of a whip lash or something to that effect But this is a sort of freedom which rightly or wrongly I hold inadmissible Once grant the right of adaptation even in small particulars and it would be impossible to say where it should stop The versions here presented of the prose plays at any rate are translations not paraphrases If we have ever dropped into paraphrase it is a dereliction of principle and I do not remember an instance For stage purposes no doubt a little paring of rough edges is here and there allowable but even that I think should seldom go beyond the omission of lines which manifestly lose their force in translation or are incomprehensible without a footnote Collection of Plays Ca. 1870-1914 ,1838 **Our Dramatic Heritage** Philip George Hill,1983 An anthology of European drama Includes the Oresteia Oedipus the King The Trojan Women Everyman and The Mandrake among others Each play is preceded by a critical introduction **Our Mutual Friend** Harriette Robinson Shattuck,1889
