Communications Tomonobu Senjyu,Chakchai So-In,Amit Joshi,2024-06-01 This book gathers high quality papers presented at the Eighth International Conference on Smart Trends in Computing and Communications SmartCom 2024 organized by Global Knowledge Research Foundation GR Foundation from 12 to 13 January 2024 in Pune India It covers the state of the art and emerging topics in information computer communications and effective strategies for their use in engineering and managerial applications It also explores and discusses the latest technological advances in and future directions for information and knowledge computing and its applications *Penetration Testing Essentials* Sean-Philip

Oriyano,2016-12-05 Your pen testing career begins here with a solid foundation in essential skills and concepts Penetration Testing Essentials provides a starting place for professionals and beginners looking to learn more about penetration testing for cybersecurity Certification eligibility requires work experience but before you get that experience you need a basic understanding of the technical and behavioral ways attackers compromise security and the tools and techniques you ll use to discover the weak spots before others do You ll learn information gathering techniques scanning and enumeration how to

target wireless networks and much more as you build your pen tester skill set You ll learn how to break in look around get out and cover your tracks all without ever being noticed Pen testers are tremendously important to data security so they need to be sharp and well versed in technique but they also need to work smarter than the average hacker This book set you on the right path with expert instruction from a veteran IT security expert with multiple security certifications IT Security certifications have stringent requirements and demand a complex body of knowledge This book lays the groundwork for any IT professional hoping to move into a cybersecurity career by developing a robust pen tester skill set Learn the fundamentals of security and cryptography Master breaking entering and maintaining access to a system Escape and evade detection while covering your tracks Build your pen testing lab and the essential toolbox Start developing the tools and mindset you need to become experienced in pen testing today

European Union Enlargement Thomas Mehlhausen,2015-08-11 The continuous expansion of the European Union has transformed its very own self conception While Eastern enlargement was widely celebrated as the reuniting of Europe the sheer number of applicants their low economic development and the need for new states to transform in accordance with EU values required considerable adjustments to the EU s self image By examining the European Council s contentious approval of the Mediterranean and Central and Eastern European countries in the 1970s and 1990s this book investigates why the European Union enlarges Based on new and hitherto not analysed data it introduces the concept of anomie to the discourse and in doing so makes a timely contribution to the literature of constitutional politics and enlargement of the European Union This text will be of key interest to scholars and students of the European Union area studies European studies central and east European studies Mediterranean studies and more broadly comparative politics and constitutional politics

Information, Security and Society in the COVID-19 Pandemic Natalia Moch,Wioletta Sylwia Wereda,Jerzy Stańczyk,2023-07-14 The COVID 19 pandemic has forced society to re evaluate security crisis and risk management principles and policies so we are better prepared to deal with contemporary threats This book provides an overview of selected and key changes that have taken place in the security environment across entities The book analyzes the impact of the COVID 19 pandemic on the security environment and modern societies Using a holistic interdisciplinary approach to security issues it draws attention to political military cultural information legal psychological and social aspects Combining theoretical empirical and practical perspectives the editors and contributors present the result of research on both current and forecast effects of the pandemic on individuals social groups countries and the international community This edited collection will be directly relevant for researchers and academics across a range of management disciplines including risk crisis and security management information management and related fields
