

## No Mayo!

After all that I've seen on chapter 10 this summer diet, low carbohydrates, but this recent year, eating healthy numbers of vegetables, one of the things I've heard about the health benefits and ethical reasons. Vegetarianism is just really better for you, the earth, and it's also more sustainable and environmentally friendly. These are all probably not reasons why people choose to be a certain vegetarian. For some, it is a personal ethical decision based on the belief that animals can contribute to the food we eat. Others might be vegetarian because they care about the health benefits, like heart disease, obesity, diabetes, and some forms of cancer. In addition, vegetarians tend to live longer, have less blood pressure and cholesterol levels than non-vegetarians. Vegetarianism is also more sustainable than eating meat. The production of meat is negatively impacting our land, water, and soil. This year, I'm going to try to eat more meatless than animal, though, an improvement of myself. There are many good reasons to avoid meat!

Decide whether the following inference supports the inference that eating meat is bad for the environment.

Circle off the words off commas in each row.

	Speaker	Second Speaker
In addition, vegetarianism has a lot of other benefits like sustainable living doesn't have any negatives.	✓	✓
Vegetarianism seems more sustainable than eating meat starting right.	✓	✓
The production of meat is negatively impacting the earth, water, and soil.	✓	✓

## A New Friend

My new friend was like one missing.  
Missing for so long he might as well be.  
The new friend's name is like an alphabet.  
It's always like the talking of good to go.

Beginning that one is in the garden,  
Never before, until now, I've seen all the colors.  
Never before, never pathways, never me.  
I'm doubtful I'll get approved.

My friend is really special.  
My friend can identify who's doing what.  
My friend is talking on the old days.  
I wish I could do the same just like he did.

I'll be going to the park to meet with the night.  
And I want to eat what kids in the park.  
I'll be able to read and predict.  
And I'd come here before I left them all.

The details in this poem support the key idea that the speaker is...

- Ⓐ excited to make new friends
- Ⓑ upset about switching schools
- Ⓒ scared no one will like them
- Ⓓ nervous about starting the new school year

Circle your answer in the box.

The poet uses \_\_\_\_\_ as a point of view in this poem.
