personality

Dear Hiring Manager,

As a software engineer with a unique background in sales, I've been intrigued by the way Meta has revolutionized both social experiences and business communication. This admiration is what prompts me to apply for your Software Engineer, Machine Learning role. The opportunity to contribute to your innovative monetization team, and aid small to medium-sized businesses in navigating the digital economy, is one that aligns perfectly with my passion for blending technology and commerce.

My career trajectory has been a diverse one, starting in sales enablement at IBM, where I led teams of up to 200 people, to transitioning into software development and machine learning. My career switch began with the "Resume Worded Bootcamp," which equipped me with a strong foundation in C/C++ and Java programming, as
