*Hope and Contemporary Israeli Peace Movements* Liv Halperin,2025-12-02 This book investigates and compares two contemporary Israeli peace movements through the angle of collective emotions and specifically of hope Drawing on empirical qualitative research combining interviews with Jewish and Arab Palestinian activists and ethnographic work the work provides unique documentation of the birth and development of Standing Together a mixed gender peace movement and Women Wage Peace a women s peace movement It explores the meaning of hope for Israeli peace activists and shows the concrete efforts that both movements undertake to trigger hope as part of an intersectional peace politics and of a non partisan women s peace politics respectively The book also engages with the post October 2023 developments in the Middle East showing how both peace movements now followed by others in the Israeli peace camp continue to invest in their politics of hope amid devastation fatigue and fear Offering a gendered typology of hope related emotion work useful beyond the cases at hand the book proposes that collective hope based action combined with other emotions might be powerful in all contexts of despair and protracted conflicts This book will be of interest to students of peace and conflict studies social and peace movements gender studies non violent resistance international relations and Israel Palestine Middle East

**AI Snake Oil** Arvind Narayanan,Sayash Kapoor,2024-09-24 From two of TIME s 100 Most Influential People in AI what you need to know about AI and how to defend yourself against bogus AI claims and products Confused about AI and worried about what it means for your future and the future of the world You re not alone AI is everywhere and few things are surrounded by so much hype misinformation and misunderstanding In AI Snake Oil

computer scientists Arvind Narayanan and Sayash Kapoor cut through the confusion to give you an essential understanding of how AI works and why it often doesn't work where it might be useful or harmful and when you should suspect that companies are using AI hype to sell AI snake oil products that don't work and probably never will While acknowledging the potential of some AI such as ChatGPT AI Snake Oil uncovers rampant misleading claims about the capabilities of AI and describes the serious harms AI is already causing in how it's being built marketed and used in areas such as education medicine hiring banking insurance and criminal justice The book explains the crucial differences between types of AI why organizations are falling for AI snake oil why AI can't fix social media why AI isn't an existential risk and why we should be far more worried about what people will do with AI than about anything AI will do on its own The book also warns of the dangers of a world where AI continues to be controlled by largely unaccountable big tech companies By revealing AI's limits and real risks AI Snake Oil will help you make better decisions about whether and how to use AI at work and home
