Glenn's Urologic Surgery Sam D. Graham, Thomas E. Keane, James Francis Glenn, 2010 Glenn's Urologic Surgery is a comprehensive but concise textbook focused on surgical procedures. After more than 30 years, it is still required reading for most urology residents and is consulted by practicing physicians while planning surgeries. Chapters are heavily illustrated and progress from diagnosis to indications for surgery to brief sections on alternative therapies and then to detailed sections on surgical technique before closing with a discussion of outcomes as found in the literature. The Seventh Edition continues to emphasize laparoscopic procedures. Each section opens with a thoroughly illustrated description of relevant anatomy.
