

The background of the book cover is a photograph of the interior of a large, old Gothic church. The view is looking down a long aisle towards a bright, multi-paned window at the far end. The ceiling is very high, with a complex network of dark wooden beams and a ribbed vault structure. Sunlight filters through the windows, creating a dramatic play of light and shadow on the stone walls and floor. The overall atmosphere is one of historical grandeur and quiet solitude.

**Genocide in the Middle East** Hannibal Travis, 2010 Genocide in the Middle East describes the genocide of the Armenians Greeks and Assyrians of the Ottoman Empire in the nineteenth and early twentieth centuries of the Kurds and other persons living under Saddam Hussein in northern Iraq in the late 1980s and of the Dinka Nuba Fur Masalit and Zaghawa peoples of Sudan from the 1970s to the present It situates these crimes in their historical context as outgrowths of intolerant religious traditions imperialism and the rise of the nation state Cold War insurgencies and counterinsurgencies and the global competition for resources and markets at the expense of indigenous peoples This requires a more thorough investigation of the case law on genocide than has been attempted in the literature on

genocide to date including detailed accounts of the prosecutions of the leaders of the Ottoman Empire after World War I of Saddam Hussein and other Iraqi officials after Operation Iraqi Freedom and of President Omar Hassan al Bashir and other leaders of Sudan by the International Criminal Court Finally the book explores emerging problems of genocidal terrorism cultural genocide and structural genocide due to starvation disease and displacement The field of genocide studies has grown rapidly in recent years fueled by interest in the Armenian genocide the wars in the former Yugoslavia and Iraq and the widespread massacres in southern Sudan and Darfur While several comparative studies of the Armenian genocide the Holocaust and other genocides have been published none of them focuses on genocide in the Middle East and North Africa since the nineteenth century This book provides a comprehensive history of genocide in the broader Islamic world with a particular focus on the twentieth century It is of interest to general readers undergraduates graduate students academics journalists and legal professionals and will be useful as a text for courses on International Law International Criminal Law Law and Religion Middle East Studies International Relations Public Policy Criminal Justice or World History The comprehensive research is breath takingly evident This historical account of the lesser know genocidal conflicts is incredibly revealing Perhaps the best thing one could say about this book is that the familiar adage Those who ignore history are bound to repeat it reverberates throughout this intensely engaging volume ASIL UN21 Newsletter This ambitious book in its research and coverage tells a sorry tale of mankind s inhumanity and intolerance over millennia of genocidal deeds and rhetoric A fast moving narrative reaches from biblical times to Darfur describing tragic events accompanied by selective quotations from their participants and observers Genocide may be a recently invented term but its occurrences based on a variety of causes and reasons seem to have been a deep part of the human experience of group interactions Henry Steiner Professor of Law Emeritus Harvard Law School and co author International Human Rights in Context Law Politics Morals Oxford and New York Oxford University Press 3d ed 2007 In Genocide in the Middle East Hannibal Travis breaks new ground in genocide studies by unveiling the full panoply of genocidal processes in the Middle East and West Asia as no previous scholar has But he does much more in terms of its twentieth and twenty first century coverage this is simply the most expansive detailed and up to date history of genocide we possess Adam Jones Associate Professor Political Science University of British Columbia Okanagan and author of Genocide A Comprehensive Introduction London Routledge 2006 Professor Travis study of genocide and the contribution he makes for a better understanding of the Assyrian one is an invaluable event This is not a book of sociology but of historical review and analysis As such it deserves the highest of accolades Journal of Assyrian Academic Studies [Origines Britannicae, Or the Antiquities of the British Churches](#) Edward Stillingfleet, 2017-07-12 Excerpt from Origines Britannicae or the Antiquities of the British Churches With a Preface Concerning Some Pretended Antiquities Relating to Britain in Vindication of the Bishop of St Asaph Were for the Crown and fach as were for Popular Elce ciohs From whence it follows That hcetot boe About the Publisher Forgotten Books publishes

Excerpt from The Churches in Britain Before A D 1000 In no branch of human knowledge has there been a more lively increase of the spirit of research during the past few years than in the study of Theology Many points of doctrine have been passing afresh through the crucible re statement is a popular cry and in some directions a real requirement of the age the additions to our actual materials both as regards ancient manuscripts and archaeological discoveries have never before been so great as in recent years linguistic knowledge has advanced with the fuller possibilities provided by the constant addition of more data for comparative study cuneiform inscriptions have been deciphered and forgotten peoples records and even tongues revealed anew as the outcome of diligent skilful and devoted study Scholars have specialized to so great an extent that many conclusions are less speculative than they were while many more aids are thus available for arriving at a general judgment and in some directions at least the time for drawing such general conclusions and so making practical use of such specialized research seems to have come or to be close at hand Many people therefore including the large mass of the parochial clergy and students desire to have in an accessible form a review of the results of this flood of new light on many topics that are of living and vital interest to the Faith and at the same time practical questions by which is really denoted merely the application of faith to life and to the needs of the day have certainly lost none of their interest but rather loom larger than ever if the Church is adequately to fulfil her Mission It thus seems an appropriate time for the issue of a new series of theological works which shall aim at presenting a general survey of the present position of thought and knowledge in various branches of the wide field which is included in the study of divinity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
