**Scrubbed** Kate James, 2008-06-12 Whom do you trust when you cannot even trust yourself Jennifer Johnson is just an ordinary person with an ordinary life She is married with two children She has an office job Therefore when she occasionally experiences the feeling she is someone else she dismisses it as a side effect of the blinding migraines from which she often suffers On one particular day she takes her children to the dentist and nothing is ever the same again From that moment on Jennifer is swept into a surreal experience She learns that only perception separates the line between reality and fiction As it becomes clear that she can trust nothing including her own memories she must travel a painful path to truth as the people who have upset her perfect world must fight to save the United States from a terrorist attack designed to plunge the entire country into a state of chaos and destruction *Scrubbed* explores the endurance of the human spirit the evil of the human soul and the exigency of human survival

*An Odd Cross to Bear* Anne Blue Wills, 2022-10-13 The fascinating life story told critically but sympathetically of a paragon of twentieth century white Christian womanhood and the wife of evangelist Billy Graham Ruth Bell Graham's legacy is closely associated with that of her husband whose career placed her in the public eye throughout her life But while it's true that her identity was significantly shaped by her role in supporting Billy Graham's ministry Ruth carried a strong sense of her own agency and was widely influential in her own right especially in the image she projected of conservative evangelical womanhood defined by a faith that was deep private and nonpolitical Beginning prior to Ruth and Billy's meeting at Wheaton College Anne Blue Wills chronicles the many formative experiences of Ruth's life especially the first decade of her childhood living in a community of American medical missionaries in China Throughout the biography Wills focuses not on Ruth's role in Billy's life but on her own interests ambitions and fears as a devoted mother of five as the fastidious manager of a household as a devout and well read Christian and as a beloved writer and poet Dealing honestly with a life of contradictory responsibilities that Ruth Bell Graham herself called an odd kind of cross to bear Wills draws from nearly a decade of original research and presents a nuanced portrait of Graham apart from the reverential awe of her admirers and the oversimplified caricatures put forth by her detractors In telling Graham's story Wills indirectly tells the story of millions of women who emulated Graham as a role model women who spurned second wave feminism and willingly submitted to patriarchy while maintaining an undeniable sense of independence and strength of conviction

*Dressed for Thrills* Mark Alice Durant, 2002-10 A Whimsical array of ghosts and goblins spooks and skeletons animals and nursery room characters parade through this unparalleled collection of more than one hundred years of American Halloween costumes and masquerade Photographer Phyllis Galembo approaches her subjects with the delight and wonder of one who has discovered an entire cast of characters backstage in an abandoned theater Through her lens the costumes rise from the dead to once again dance play and amuse Ranging from handmade to store bought satin to polyester the masks wigs and costumes whether recognizable figures or obscure pique our

childhood memories In her celebration of Halloween revelry Galembo never settles for the ordinary instead she creates evocative scenes of dressed to scare young trick or treaters modeling their disguises and of undead spirits haunting their surroundings The costumes which span over a century take on magical qualities through fanciful sets and specialized lighting effects Accompanying the costumes is a history of this always popular holiday and essays discussing Galembo s inspirations and techniques Through her art Galembo allows us to act out our youthful fantasies of transformation to become or at least observe what we most want to be free of inhibitions of fixed notions of identity Her images make us laugh and dream and maybe even believe in ghosts Book jacket      **If You Live with Little Children** Carolyn Kauffman, Patricia Farrell, 1957

*The Culture Of Protest* Susan Bibler Coutin, 1993-08-16 The Culture of Protest explores how religious activists and Central American immigrants by protesting U S refugee and foreign policy create practices meanings and relationships that are themselves a form of social change Viewing change as an ongoing incremental process reveals that the sanctuary movement s reinterpretations of legal religious and social practices produce cultural forms that enact participants visions of a more just social order Unlike recent studies that view U S social movements primarily as strategies for achieving political objectives this book analyzes what goes on in the midst of protest the conversions that some North Americans experience as they come to know Central American reality the relationships that form between refugees and sanctuary workers the jokes and stories told by volunteers and the religious rituals devised by participants This rich ethnography reveals facets of change that would be missed by focusing exclusively on explicit goals and long term strategies As they assist refugees sanctuary workers develop international notions of citizenship create ecumenical interpretations of faith form egalitarian communities and cross a border between first and third worlds to view their own society through the eyes of the poor Sanctuary is thus not only a practical effort to aid refugees and affect U S policy but also a cultural and religious movement with profound implications for U S society      *Роман Якобсон* Roman Jakobson, 1999      *The Giant Encyclopedia of Circle Time and Group Activities for Children 3 to 6* Kathy Charner, 1996 Contains more than six hundred circle time and group activities designed by teachers to use with children three to six years old each including a suggested age a list of materials and step by step directions and features lists of related books songs and poems      *A Day in the Life* Peter N. Stearns, 2006 Explores the current state of scholarship on daily life offering students and teachers an overview of the hows and whys of the little and big things people did thought and felt throughout their lives and in different historical periods      **The Kiwanis Magazine** , 1974      **Farm Woman** , 1986      *Plain Truth* , 1979      **The Ladies' Home Journal** , 1963      *School Library Journal* , 2006      **Reminisce** , 2001      *What Do Children Read Next?* Candy Colborn, 1994 Contains entries for approximately 2000 books aimed at young readers About half the titles were published between 1989 and 1994 and the remaining half are older titles which have stood the test of time      *Six Cultures* , 1966
