Geographical Pamphlet Martha Tarbell,1907 Palestine in the Time of Christ Edmond Stapfer,1886 *Palestine in the Time of Christ (Classic Reprint)* Edmond Stapfer,2016-10-03 Excerpt from Palestine in the Time of Christ There is one conclusion however which I have not been able to refrain from expressing because it forced itself upon me with ever deepening conviction as the work proceeded I have given it in the form of an appendix in the last chapter It is in substance this Jesus Christ was not the natural product of His environment His appearance was a miracle He came from God Hence it is that a book of history a work which is only a record of archaeological observations subserves by virtue of the invincible logic of facts the cause of Christian apologetics It has indeed been said that my closing chapter is insufficient that it should either not have been written or the question should have been treated in greater fulness I cannot accept this criticism because as I have already said this chapter seemed to force itself upon me as the natural conclusion of my Book But I freely admit that what is still wanting is not one chapter on the christ but a complete study of His teaching His person and work written in the spirit of the present volume on strictly historic lines This would require a book to itself and in this sense the

last chapter of the present work is undoubtedly incomplete It is only a point of departure the introduction to a volume to be occupied Wholly with Christ Himself Some day perhaps I may be privileged to attempt this and to add my testimony to that of so many others as to what the Christ was in His proper environment and in the critical age in which He lived About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Key to the Gospels* William H.
