Alice Ibarra  
HR Director  
Office of U.S. Attorneys  
United States Federal Courthouse  
1 Courthouse Way, Suite 9200  
Boston, MA 02210

Dear Alice Ibarra,

Three months ago, I broke a record that I had always thought unbreakable. My supervisor at the Federal Milk Market Administration tasked me with supporting 7 staff and over 70 projects. I argued that it couldn't be done—after all, I'd supported at most 5 staff and 50 projects in the past, and that degree of work had surely stretched my skills. But after working to improve my efficiency with MS Office and database management software, I was in fact able to support 10 staff and over 100 projects.

Your job listing on USAJobs says you need an office automation clerk who can manage staff calendars and documents, and answer phones. In the past two years, I:

- **Managed staff calendars.** Used MS One Calendar to manage schedules for 10 staff members with 99% positive feedback for efficiency and communication.
- **Managed documents.** Stored, retrieved, edited, and printed over 300 documents per month, in both electronic and paper formats.
- **Answered phones.** Fielded 200+ phone calls per month, referring callers to the appropriate staff members or voicemail, with calendar reminders as needed.

Alice Ibarra, I believe my 5 years of experience in document preparation and retrieval and Oracle systems can translate to similar success at your office. Can we set aside some time in the next week or so to chat about next steps?

Best regards,

Jennifer Papadakis, Office Automation Clerk
