Congressional Record United States. Congress, 2017-06-15 **The Myth of Chinese Capitalism** Dexter Roberts, 2020-03-10 The vivid provocative untold story of how restrictive policies are preventing China from becoming the world s largest economy Evan Osnos Dexter Roberts lived in Beijing for two decades working as a reporter on economics business and politics for Bloomberg Businessweek In The Myth of Chinese Capitalism Roberts explores the reality behind

today's financially ascendant China and pulls the curtain back on how the Chinese manufacturing machine is actually powered. He focuses on two places: the village of Binghuacun in the province of Guizhou, one of China's poorest regions that sends the highest proportion of its youth away to become migrants, and Dongguan, China's most infamous factory town located in Guangdong, home to both the largest number of migrant workers and the country's biggest manufacturing base. Within these two towns and the people that move between them, Roberts focuses on the story of the Mo family, former farmers turned migrant workers who are struggling to make a living in a fast-changing country that relegates one half of its people to second-class status via household registration, land tenure policies, and inequality in education and health care systems. In *The Myth of Chinese Capitalism*, Dexter Roberts brings to life the problems that China and its people face today as they attempt to overcome a divisive system that poses a serious challenge to the country's future development. In so doing, Roberts paints a boots-on-the-ground cautionary picture of China for a world now held in its financial thrall. Praise for *The Myth of Chinese Capitalism*: A gimlet-eyed look at an economic miracle that may not be so miraculous after all. *Kirkus Reviews*. A clearheaded and persuasive counter narrative to the notion that the Chinese economic model is set to take over the world. *Readers* looking for an informed and nuanced perspective on modern China will find it here. *Publishers Weekly*. A sophisticated and readable take of China's triumphs and crises. A first-hand witness to China's transformation over the past quarter century. Roberts credibly challenges the myth of China's inevitable rise and global dominance. Ian Johnson, Pulitzer Prize-winning author and Beijing-based correspondent. A potent mix of personal stories and deft analysis. *The Myth of Chinese Capitalism* takes a hard look at China's migrants and rural people. Mei Fong, Pulitzer Prize-winning journalist and author of *One Child: The Story of China's Most Radical Experiment*. **The Wall Street Journal**, 2008. *Business Week*, 1999.

Introduction to Business Patrice Flynn, 2019-11-27. Do we need yet another textbook on business fundamentals when every publishing house has stacks of such books ready for sale? No, we do not need another standard textbook. What we need is a new kind of teaching tool that at once accommodates the modern-day classroom and exposes new-century students to the contemporary world of global capitalism in which today's businesses operate. In primer form, Dr. Patrice Flynn clarifies the functional areas of business, a term used to describe what every businessperson needs to understand to be successful, from entrepreneurship to small business development, legal structure, going global, finance, big data, marketing, management, and more. This primer demonstrates how a master teacher teaches new-century students, thus giving supremacy to pedagogy along with rigorous content. The primer can be used with both business students and the growing number of nonbusiness students interested in learning how business works before entering the world of work. Every student will come away not only with a sense of the business areas that pique their interest but also with a deeper understanding of business from which to craft next career steps. *Holy Currency Exchange* Eric H. F. Law, 2016-01-26. Eric Law's foundational *Holy Currencies* 2013 demonstrated a new way ministries can think about the resources needed to do their work in their communities. Law's follow

up book Holy Currency Exchange shares a variety of tools for thinking differently about how those resources can mobilize ministries into new life mission and vitality Examples include a restaurant ministry programs for youth an emergency rent loan fund for people in the neighborhood worship service in Mexican restaurants and many more What could your ministry do
