Bigfooters and Scientific Inquiry Jamie Lewis, Andrew Bartlett, 2025-11-14 Bigfoot exists Not necessarily as a biological creature but certainly as an object around which thousands of Americans organise their lives analysing evidence and making knowledge This book examines the Bigfooting community sociologically Using concepts from Science and Technology Studies STS as well as cultural sociology Lewis and Bartlett shed new light on what it is to do science what it is to behave scientifically and where the borders of legitimate scientific practice lie Through detailed interviews with Bigfooters themselves this book explores the ways in which the Bigfooting community makes sense of traces and absences to make knowledge claims that are acceptable to those within that community It also shows how Bigfooters in the face of scepticism attempt to render Bigfoot a proper object of scientific inquiry outside of their own circle This fascinating accessible and

entertaining reading will appeal to scholars and students of science and technology studies cultural sociology and the sociology of mystery as well as to those interested in the public trust in and understanding of science
