Moore's Mythopoeia A Novel:

The Scientifiction Novels of C.S. Lewis Jared Lobdell, 2014-09-17 Used by C S Lewis himself the term scientifiction is revived here as it once encompassed not only what we call science fiction but also that indeterminate field of the 1940s and 1950s sometimes referred to as science fantasy leading up to Ray Bradbury along with a portion of that great realm that has come since the advent of The Lord of the Rings to be called fantasy Rather as an eighteenth century novel may pre date the divide between novel and romance so C S Lewis's interplanetary novels may be considered to pre date the modern divide between fantasy and science fiction and thus be thought of as scientifictional in nature The stories dealt with are those in which Elwin Ransom is a character the three usually called the space trilogy Out of the Silent Planet Perelandra and That Hideous Strength and the time fragment entitled The Dark Tower Lengthy chapters are devoted to each of the four Ransom stories The book presents a study of Lewis the nature of science fiction the nature of Lewis's Arcadian science fiction and his and its place in English literary history *History, Politics, Identity* Marija Knežević, Aleksandra Nikčević-Batricević, 2009-03-26 Contributions reprinted in this book highlight some of the wide ranging ways in which the issues of culture and identity can be approached in a literary text while focusing on the ways in which cultural encounters have been changing both the world and its reflection in literature The beginning of the twenty first century is an appropriate time to repay careful attention to these issues Understanding how our perception of the Other changes with the concept of the world we inhabit we want to emphasize the rising importance of fostering cultural pluralism and global understanding For its argumentation strongly founded in recent literary studies and humanities in general its interdisciplinary nature and its focus on the actual global problems of abrupt cultural change and exchange its heightened understanding of the necessity of coexistence of differences in a changing world its spirit of tolerance and its international spirit in general we assume this collection will not only attract academic literary scholars but will also appeal to the general reading public *The Sewanee Review, a Forty-year Index 1943-1982* Mary Lucia Snyder Cornelius, Elizabeth Moore Engsberg, 1983 **Unbelief in Interwar Literary Culture** Suzanne Hobson, 2022 Explores connections between literary figures and organized secularist movements and groups in the interwar period with a focus on the works of Vernon Lee H G Wells George Moore D H Lawrence and Mary Borden among others **Kazuo Ishiguro** Kristian Shaw, Peter Sloane, 2024-03-13 A comprehensive collection of newly commissioned essays from world leading Kazuo Ishiguro scholars which offers chapters on each of the novels including the first publication on Klara and the Sun 2021 short fictions and screenplays Kazuo Ishiguro Twenty First Century Fictions offers a critical reappraisal of the 2017 Nobel Laureate while also uncovering important new thematic and stylistic insights *Moore's Mythopoeia* Christopher Wunderlee, 2009-10 Moore's Mythopoeia is a story in which sci fi meets the Biblical genesis story espionage is taken to absurd lengths action adventure melds with bodice ripping love scenes and one man's defiance illuminates a uniquely human need for sin *Willa Cather and E. M. Forster* Alan Blackstock, 2020-04-01

Though both Willa Cather and E M Forster have been alternately praised as progressives and criticized as conservatives the novels of both writers embody the tenets of liberal humanism while at the same time reflecting the tensions associated with modernism though both of these terms have come under intense critical scrutiny in recent years And while a few critics have offered brief comparisons of individual works or particular tendencies of Cather and Forster none has provided the systematic comparative analysis of the relationship between liberal humanist modernist tensions and the search for transcendence in their work that this book offers The principal aims of the present study are to locate the imagined alternatives to the lamentable present embodied in the novels of both writers and to explore how literature and the arts might assist in transcending the deficiencies and disunities of life in the modern era
